The Trifecta Passport: Tools for Mast Cell Activation Syndrome, Postural Orthostatic Tachycardia Syndrome and Ehlers-Danlos Syndrome Amber Walker, 2021-01-27 The trifecta refers to three conditions that commonly occur together: mast cell activation syndrome (MCAS), postural orthostatic tachycardia syndrome (POTS), and the hypermobile type of Ehlers-Danlos syndrome (hEDS). These three conditions are gradually becoming more recognized in the mainstream medical world as more and more patients find themselves struggling with debilitating and often mysterious symptoms. However, recognizing these conditions is only the first step on the healing journey. With the right approach and toolbox, patients can reverse many of these symptoms to find lasting vitality. Written by a Doctor of Physical Therapy who has additional certifications in functional medicine and nutrition and extensive experience in working with these conditions, this book serves as a patient guide that empowers individuals to put all of the puzzle pieces together as part of an individualized healing plan. Part One (3 chapters) is an overview of the three trifecta conditions, and Part Two (9 chapters) outlines the important pillars of an essential plan to address any or all of these conditions holistically. The book wraps up with a chapter of patient case stories. Accompanying the purchase of this book is access to a free 20-page PDF document that serves as a customizable workbook for readers to use as they read along. The Trifecta Passport dives into topics such as nervous system regulation, mold, and other biotoxins, nutrition, exercise, detoxification, mental/emotional health, and trauma, structural/musculoskeletal issues, and the many underlying root issues related to hormones, bacterial/viral load, gut health, etc., that can trigger or exacerbate these conditions. This resource unpacks many different tools and practical treatment options that should be on the radar of patients living with these and other chronic conditions. When faced with these labels, it can be overwhelming to weed through all the resources out there to figure out how to move forward with a comprehensive and personalized road map.
