Introduction to International Law, By Michael Akehurst Michael Barton Akehurst, 1970 **Non-State Actors in International Law** Math Noortmann, August Reinisch, Cedric Ryngaert, 2015-08-27 The role and position of non state actors in international law is the subject of a long standing and intensive scholarly debate This book explores the participation of this new category of actors in an international legal system that has historically been dominated by states It explores the most important issues actors and theoretical approaches with respect to these new participants in international law It provides the reader with a comprehensive and state of the art overview of the most important legal and political developments and perspectives Relevant non state actors discussed in this volume include in particular international governmental organisations international non governmental organisations multinational companies investors and armed opposition groups Their legal position is considered in relation to specific issue areas such as humanitarian law human rights the use of force and international responsibility The main legal theories on non state actors position in international law neo positivism the policy oriented approach and transnational law are covered at the beginning of the book and the essential political science perspectives on non state actors role in international politics and globalisation as well as their soft power are presented at the end **Post-Cold War Anglo-American Military Intervention** James Fiddes, 2019-10-17 Exploring case studies from the first Gulf War to the Syria crisis this book discusses different approaches to the use of international law and

the role it plays in international power politics Analysis of the post Cold War overseas military involvements of Western powers has focused on their legality and legitimacy allowing for a conflation of the concepts and distracting from the true source of international legitimacy Demonstrating compliance with international law can be helpful but it plays a secondary role to other more powerful considerations such as national interest and shared national security concerns Exploring the key drivers for decision makers this book identifies the impact of previous experience on the use of international law in the quest for legitimacy ahead of launching military action Patterns in approach and of relations between close Western allies in particular the UK and US are identified offering valuable lessons for future strategic decision making This book will appeal to scholars and students of International Relations and International Law Think Tanks focussing on International Relations and the use of force and practitioners working in the realm of foreign policy with a focus on the UN and international law will also be interested in the study and conclusions drawn

China's Unequal Treaties Dong Wang, 2005-10-01 This study based on primary sources deals with the linguistic development and polemical uses of the expression Unequal Treaties which refers to the treaties China signed between 1842 and 1946 Although this expression has occupied a central position in both Chinese collective memory and Chinese and English historiographies this is the first book to offer an in depth examination of China's encounters with the outside world as manifested in the rhetoric surrounding the Unequal Treaties Author Dong Wang argues that competing forces within China have narrated and renarrated the history of the treaties in an effort to consolidate national unity international independence and political legitimacy and authority In the twentieth century she shows China's experience with these treaties helped to determine their use of international law Of great relevance for students of contemporary China and Chinese history as well as Chinese international law and politics this book illuminates how various Chinese political actors have defined and redefined the past using the framework of the Unequal Treaties

Power in the Global Era T. Cohn, S. McBride, J. Wiseman, 2000-09-08 This volume discusses the effects of globalization on changing power relationships between transnational corporations TNCs and transnational capital the state and subnational groups TNCs have expanded their power with the deepening of market relations but they are not causing the state to wither away Indeed neoliberal changes often occur with the permission or even encouragement of powerful states Transnational capital has weakened labour groups in order to make production more competitive but the disadvantaged groups may mobilise to counter the power of transnational capital Finally globalization is subjecting domestic policies to increased international scrutiny

Apocalyptic Crimes Ronald C. Kramer, 2025 Ronald C Kramer applies theories from criminology to argue that possession of nuclear weapons is a criminal act and shows how a nuclear apocalypse might be averted offering a pathway to the abolition of these devastating weapons
