Al Qaeda And Sacrifice Martyrdom War And Politics:

Al-Qaeda and Sacrifice Melissa Finn, 2012-09-06 This is a pioneering critical intervention into the study of terrorism language and political thought Challenging the commonly held idea that suicide bombings are motivated by a nihilistic hatred of life this book argues that it is more helpful to examine such violent agency through the concept of sacrifice Through a unique look at the way sacrifice is used in the Arabic language this book offers penetrating insights into jihadi thought How does it compare to western political theorists such as Machiavelli and von Clausewitz Hannah Arendt Julia Kristeva and Judith Butler Concluding that the heedless certainty of such violence undermines attempts to redress political grievances *Al Qaeda and Sacrifice* goes beyond simplistic or apologetic explanations of terrorism and allows the authentic jihadi voice to speak for itself

Sacrifice and Modern War Writing Alex Houen, 2024-09-05 *Sacrifice and Modern War Writing* presents the most extensive study to date of twentieth and twenty first century war writing Examining works by over 110 authors Alex Houen surveys how war writing explores sacrifice in relation to major modern and contemporary conflicts from the First World War to the War on Terror Various conceptions of sacrifice are examined including Christian Jewish Islamic and secular The discussion ranges across literary portrayals of multiple sacrificial practices including ancient rituals of child sacrifice martyrdom scapegoating and suicide bombing Houen builds an innovative interdisciplinary approach to how war sacrifice and their representations interrelate and a wide range of Anglophone literature is discussed including novels memoirs short stories essays manifestoes elegies ballads and lyric poetry Whereas critics and theorists have tended to emphasize that war's reality exceeds any attempt to represent it Houen contends that political religious and cultural frames of sacrifice have continued to play a significant part in shaping how war's reality is shaped and experienced Those frames are inextricably tied to modes of representation which include symbolism and mimesis *Sacrifice and Modern War Writing* explores how sacrificial killing in war is itself riddled with symbolic transfigurations and mimetic exchanges and it builds a fresh approach by arguing that the figurative and imaginative aspects of literary writing ironically become its very means of engaging closely with the reality of war's sacrifices That approach also develops by using the literary analyses to critique and revise various prominent theories of sacrifice and war

And God Knows the Martyrs Nathan S. French, 2020-03-24 Narratives of Jihadi Salafi operations are often filled with praise for what are considered exemplary acts of self renunciation in the vein of early Islamic tradition While many studies sift through the biographies of these so called martyrs for evidence of social psychological political or economic strain in an effort to rationalize what are often labeled suicide bombings Nathan French argues that through their legal arguments Jihadi Salafis craft a theodicy that is meant to address the suffering and oppression of the global Muslim community

An International History of Terrorism Jussi M. Hanhimäki, Bernhard Blumenau, 2013 The aim of this book is to provide readers with the tools to understand the historical evolution of terrorism and counterterrorism over the past 150 years In order to appreciate the contemporary challenges posed by terrorism it is necessary to look at its

evolution at the different phases it has gone through and the transformations it has experienced The same applies to the solutions that states have come up with to combat terrorism the nature of terrorism changes but still it is possible to learn from past experiences even though they are not directly applicable to the present This book provides a fresh look at the history of terrorism by providing in depth analysis of several important terrorist crises and the reactions to them in the West and beyond The general framework is laid out in four parts terrorism prior to the Cold War the Western experience with terrorism non Western experiences with terrorism and contemporary terrorism and anti terrorism The issues covered offer a broad range of historical and current themes many of which have been neglected in existing scholarship it also features a chapter on the waves phenomenon of terrorism against its international background This book will be of much interest to students of terrorism studies political violence international history security studies and IR

Jihad, Radicalism, and the New Atheism Mohammad Hassan Khalil, 2018 This book compares the conflicting and consequential interpretations of jihad offered by mainstream Muslim scholars violent Muslim radicals and New Atheists

Sacrifice in Judaism, Christianity, and Islam David L. Weddle, 2017-09-19 Common features of sacrifice Theories of sacrifice Sacrifice in Jewish tradition Sacrifice in Christian tradition Sacrifice in Islamic tradition

The Routledge History of Terrorism Randall D. Law, 2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist The Routledge History of Terrorism is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book's rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism

Critical Methods in Terrorism Studies Priya Dixit, Jacob L. Stump, 2015-06-26 This book shows how to use a range of critical approaches to conduct research on terrorism Featuring the work of researchers who have already utilized these methods to study terrorism it includes a diverse range of critical methodological approaches including discourse analysis feminist postcolonial ethnographic critical theory and visual analysis of terrorism The main objectives of the book are to assist researchers in

adopting and applying various critical approaches to the study of terrorism This goal is achieved by bringing together a number of different scholars working on the topic of terrorism from a range of non variables based approaches Their individual chapters discuss explicitly the research methods used and methodological commitments made by the authors while also illustrating the application of their particular critical perspective to the topic of terrorism The authors of each chapter will discuss 1 why they chose their specific critical method 2 how they justified their methodological stance 3 how they conduct their research 4 and finally an example of the research This book will be essential reading for students of terrorism studies and critical terrorism studies and highly recommended for students of political violence security studies and IR

Communication in Global Jihad Jonathan Matusitz, 2020-11-25 This book conceptually examines the role of communication in global jihad from multiple perspectives The main premise is that communication is so vital to the global jihadist movement today that jihadists will use any communicative tool tactic or approach to impact or transform people and the public at large The author explores how and why the benefits of communication are a huge boon to jihadist operations with jihadists communicating their ideological programs to develop a strong base for undertaking terrorist violence The use of various information and communication systems and platforms by jihadists exemplifies the most recent progress in the relationship between terrorism media and the new information environment For jihadist organizations like ISIS and Al Qaeda recruiting new volunteers for the Caliphate who are willing to sacrifice their lives for the cause is a top priority Based on various conceptual analyses case studies and theoretical applications this book explores the communicative tools tactics and approaches used for this recruitment including narratives propaganda mainstream media social media new information and communication technologies the jihadisphere visual imagery media framing globalization financing networks crime jihad nexuses group communication radicalization social movements fatwas martyrdom videos pop jihad and jihadist nasheeds This book will be of great interest to students and scholars of communication studies political science terrorism and international security Islamic studies and cultural studies

Terrorists as Monsters Marco Pinfari, 2019 From the chilling threats of the ISIS vampire to the view of al Qaeda as the Frankenstein the CIA created terrorism seems to be inextricably bound with monstrosity But why do the media and government officials often portray terrorists as monsters And perhaps more puzzling why do terrorists sometimes want to be perceived as such This book the first of its kind examines the use of archetypal metaphors of monstrosity in relation to terrorism from the gorgons of Robespierre's reign of terror to the dragons and lycanthropes of anarchism the beasts and blood licking demons of ethnonational terrorism and the hydras and Frankenstein's monsters of Islamic jihadism Marco Pinfari argues that politicians frame terrorists as unmanageable monsters not only in an effort at cultural othering and dehumanization but also to secure popular backing for rule breaking behavior in counter terrorism The book also explores the way that terrorists themselves impersonate monsters showing that several groups have pursued such a tactic throughout the history of terrorism It contributes to a number of ongoing public debates by

highlighting how even when actors like the Islamic State present themselves as mad and irrational their tactics remain in essence rational Pinfari also provides an original historical outlook on the roots of monster metaphors and discusses several types of terrorism including state terrorism left wing terrorism anarchism ethnonationalist terrorism and white supremacist groups In unpacking the functions played by monster metaphors and by their impersonation Terrorists as Monsters helps the reader understand the political processes that hide behind the fangs
