Air Service News Letter ,1954 Maintenance ,1980 **The Dream Machine** Richard Whittle,2010-04-27 A fascinating and authoritative narrative history of the V 22 Osprey revealing the inside story of the most controversial piece of military hardware ever developed for the United States Marine Corps When the Marines decided to buy a helicopter airplane hybrid tiltrotor called the V 22 Osprey they saw it as their dream machine The tiltrotor was the aviation equivalent of finding the Northwest Passage an aircraft able to take off land and hover with the agility of a helicopter yet fly as fast and as far as an airplane Many predicted it would reshape civilian aviation The Marines saw it as key to their very survival By 2000 the Osprey was nine years late and billions over budget bedeviled by technological hurdles business rivalries and an epic political

battle over whether to build it at all Opponents called it one of the worst boondoggles in Pentagon history The Marines were eager to put it into service anyway Then two crashes killed twenty three Marines They still refused to abandon the Osprey even after the Corps own proud reputation was tarnished by a national scandal over accusations that a commander had ordered subordinates to lie about the aircraft s problems Based on in depth research and hundreds of interviews The Dream Machine recounts the Marines quarter century struggle to get the Osprey into combat Whittle takes the reader from the halls of the Pentagon and Congress to the war zone of Iraq from the engineer s drafting table to the cockpits of the civilian and Marine pilots who risked their lives flying the Osprey and sometimes lost them He reveals the methods motives and obsessions of those who designed sold bought flew and fought for the tiltrotor These stories including never before published eyewitness accounts of the crashes that made the Osprey notorious not only chronicle an extraordinary chapter in Marine Corps history but also provide a fascinating look at a machine that could still revolutionize air travel
