Beginning DotNetNuke Skinning and Design Andrew Hay, Shaun Walker, 2011-04-06 DotNetNuke is an open source framework built on top of the ASP.NET platform. While this system offers an impressive set of out of the box features for public and private sites, it also includes a compelling story for folks who want to present a unique look and feel to visitors. The skinning engine inside of DotNetNuke has strengthened over the course of several years and hundreds of thousands of registered users. The success of its skin and module developer community is another key indicator of the depth and breadth of this technology. The Core Team responsible for the DotNetNuke brand has gone to great lengths to enable a predictable and positive experience for both the visitors of the site and the developers who build them. Note: CD, ROM, DVD, and other supplementary materials are not included as part of the eBook file.
