Excellence Gaps in Education Jonathan A. Plucker,Scott J. Peters,2020-01-15 2017 Texas Association for Gifted and Talented Legacy Scholar Book Award 2017 National Association of Gifted Children Scholar Book of the Year Award In Excellence Gaps in Education Jonathan A Plucker and Scott J Peters shine a spotlight on excellence gaps the achievement gaps among subgroups of students performing at the highest levels of achievement Much of the focus of recent education reform has been on closing gaps in achievement between students from different racial ethnic or socioeconomic backgrounds by bringing all students up to minimum levels of proficiency Yet issues related to excellence gaps have been largely absent from discussions about how to improve our schools and communities Plucker and Peters argue that these significant gaps reflect the existence of a persistent talent underclass in the United States among African American Hispanic Native American and poor students resulting in an incalculable loss of potential among our fastest growing populations Drawing on the latest research and a wide range of national and international data the authors outline the scope of the problem and make the case that excellence gaps should be targeted for elimination They identify promising interventions for talent development already underway in schools and provide a detailed review of potential strategies including universal screening flexible grouping

targeted programs and psychosocial interventions Excellence Gaps in Education has the potential for changing our national conversation about equity and excellence and bringing fresh attention to the needs of high potential students from underrepresented backgrounds **Differentiation for Gifted Learners** Diane Heacox, Richard M. Cash, 2020-10-21 Revised and updated edition helps educators increase rigor and depth for all advanced and gifted learners to fulfill their potential With increasing numbers of students receiving gifted services every year it s more important than ever for differentiated instruction to go beyond adjusting content levels task complexity or product choice it must truly challenge and support learners on all levels academic social and emotional This award winning resource in the field of gifted education has been revised and updated to include a discussion of underserved learners particularly English language learners students with autism spectrum disorder ASD and economically disadvantaged students updated information on learning standards MTSS and universal screening new guidelines for honors courses a focus on scholarly questioning ethics and empathy a novel new strategy to increase curricular depth and complexity information on learning orientations new research on neurological differences of gifted learners the pros and cons of co teaching and how to assess its progress new tools to increase achievement plus a discussion of underlearning the benefits of coaching and lesson study the authors perspectives on and guidelines for grading Downloadable digital content includes customizable reproducible forms and a PDF presentation a free PLC Book Study Guide for use in professional development is also available
