Kopp, 2011-12 He went looking for faith but couldn't find it in the church It's raw rough real and maybe even redemptive and he could lose his day job for writing about it I Just Wanna Ride is an Ivy League pastor's search for authentic faith on a motorcycle after he couldn't find it after years in academics pulpits or pews From his immersion into biker culture since watching Easy Rider as a teenager the author holds no punches in this provocative edgy and risky look at hogs and those who ride em as a metaphor and challenge to believers and bikers Too authentic for church ladies and too concerned about faith for secularists this book demands reading by all of em if any of em still care about Who and what matter most sooner or later and definitely in the end
