Instructor's Manual for Architectural Drafting and Design Ernest R. Weidhaas, 1989 Basic Drafting Leland Scott, 2006

This book is a no-frills introduction to drafting, the ideal book for beginners. It has a straightforward approach, introducing the basic principles of drafting. Practice exercises are included.

Teachers Guide and Solution Manual for Architectural Drafting James H. Earle, 1975 *Architectural Drafting & Design* Alan Jefferis, David A. Madsen, 2005

Written to meet the most recent editions of IRC and IBC, this exceptional full-color fifth edition is designed for beginning, intermediate, and advanced architectural drafters and CAD operators alike. *Architectural Drafting and Design 5E* features the basics of residential design through the various types of projects that a designer or architect would likely complete during the actual design process. Coverage begins with an introduction to architectural styles that have dominated the field over the last four centuries, followed by basic design components related to the site and structure. A hallmark of this best seller is its step-by-step instructions for the design and layout of each type of drawing, associated with a complete set of architectural plans with projects that can be completed using either CAD or manual drawing methods. Readers will come away with the knowledge needed to complete each of the drawings required by most municipalities to obtain a building permit for a single-family residence. Comprehensive coverage also explores the field of commercial drafting, as well as basic materials used for construction, common construction methods, and drawings typically associated with commercial construction.
