You're in the hot seat; you have to make a decision about what you plan to do with the rest of your life, and no one is beating down the door to help you. We aren't the 1 percent, but that doesn't mean we can't learn and apply the same skills they do and have our efforts rewarded handsomely. Each of us has something that we were born to do, but most of us have too much in the way of seeing that. What if I could tell you ten things that could start your new normal in the right direction? What if each one of these things has the potential to do more than you are already doing? Staying in the moment, negotiating, effective goal making, budgeting, making an impression, and more—all simple skills to teach, all critical to making your life more of what you want it to be. I am a hacker; most of that is controlling people, not technology. This book won't teach you how to hack a bank, but it can teach you how to hack your way to a pay raise, a better job, or a relationship that doesn't fall apart. Life is about the decisions you make, but it also has a lot to do with the people you make those decisions with. Will your decisions help you retire at thirty-five as mine did, or will you go further? This book is step 1 in how to get and appreciate anything you really want in your life. *10 Things That Never Happened* Alexis Hall, 2023-10-17 From the bestselling author of *BOYFRIEND MATERIAL* and *HUSBAND MATERIAL* comes a delightfully fun spinoff about two opposites willfully determined never to attract. He could see himself being content here for the long haul. Too bad then that the owner is an infuriating git. Jonathan Forest should never have hired Sam. It was a sentimental decision, and Jonathan didn't get where he is by following his heart. Determined to set things right, Jonathan orders Sam down to London for a difficult talk, only for a panicking Sam to trip, bump his head, and maybe accidentally imply he doesn't remember anything. Faking amnesia seemed like a good idea when Sam was afraid he was getting sacked, but now he has to deal with

the reality of Jonathan's guilt as well as the unsettling fact that his surly boss might have a softer side to him. There's an unexpected freedom in getting a second shot at a first impression but as Sam and Jonathan grow closer can Sam really bring himself to tell the truth or will their future be built entirely on one impulsive lie.
