Authentic Conversations James D. Showkeir, 2009-02-18 In this book we hope to create for you an awareness of how daily conversations create reveal sustain or change organizational culture We explore the significant role culture has in facilitating healthy relationships and creating business results Our premise is that true and lasting changes to organizational culture cannot occur unless people understand how traditional conversations stymie growth and erode commitment We explore the issues rooted in questions such as How does the organization move from a parent child culture to an adult adult culture How can you recognize the damage caused by manipulative conversations How can you learn to engage in authentic conversations based on collaboration and partnership How do you eliminate traditional leadership conversations aimed at caretaking and

control How can you engage people in ways that value their knowledge experience and contribution How can you create an organizational culture that maximizes the potential of the entire organization These questions and others addressed in this book are relevant to all organizations accountable for results today and in the foreseeable future Preface The Spirit of Servant-leadership Shann Ray Ferch, Larry C. Spears, 2011 In The Spirit of Servant Leadership editors Shann Ferch and Larry Spears present an elegant and powerful approach to the nature of the leader follower dynamic with a specific focus on many of the most radical life affirming and transformative facets of the servant leader In essence The Spirit of Servant Leadership speaks to the soul of humanity by gathering a bright symphony of voices including some of the current thought leaders of contemporary leadership Among the many voices in this volume Peter Block questions the very nature of leadership and draws people to more deeply understand the subtlety humility and self transcendence required to develop one another individually and collectively Larry C Spears delves into the rich earth of holistic servant leadership and creates multidimensional growth and healing for the heart mind and spirit Margaret Wheatley calls people to deeply consider the interior formation of leaders that create greater transparency less command and control and more willingness to be sincerely changed by others James Autry unveils important truths about the process of insight involved in true servant leadership and Shann Ferch speaks to the nature of intimacy and the profound questions of forgiveness between people cultures and nations Robert Greenleaf former AT T executive and the contemporary founder of servant leadership said Behind every great achievement is a dreamer of great dreams The Spirit of Servant Leadership affirms people in all the complexity and nuance of the human endeavor and helps renew in readers the ability to dream great dreams **Authentic Conversations (Volume 2 of 2) (EasyRead Super Large 24pt Edition) , The Discomfort Zone** Marcia Reynolds, 2014-10-13 Leaders coaches and mentors are charged with helping others to stretch their limits However few people enjoy hearing the messy and sometimes painful feedback it takes to overcome a personal obstacle Marcia Reynolds shows how to use the discomfort zone to help others grow not suffer Unmistakable Impact Jim Knight, 2011 This book describes in simple terms exactly how schools should align and organize professional learning to ensure significant positive change in teaching and student learning The author's partnership principles a humanizing approach to professional learning apply to workshops intensive learning teams a focused form of professional learning communities and instructional coaching This is the first in a two volume series that is designed to provide a simple not simplistic framework and a set of tools for improving teaching in schools The second volume The Big Four was proposed last year **Corporate Reputation** Ronald J. Burke, Graeme Martin, 2016-05-13 Increasing media scrutiny global coverage and communication via the internet means corporate reputation can be damaged quickly and failing to successfully address challenges to corporate reputation has consequences Companies generally suffer almost ten times the financial loss from damaged reputations than from whatever fines may be imposed According to Ernst Young the investment community believes up to 50 per cent of a company's value is intangible

based mostly on corporate reputation So recognizing potential threats or anticipating risks emerges as a critical organizational competence Organizations can regain lost reputations but recovery takes a long time Corporate Reputation contains both academic content along with practical contributions developed by those serving as consultants or working in organizations in the area of corporate reputation and its management or recovery It covers why corporate reputation matters the increase in reputation loss threats to corporate reputation monitoring reputation threats online and offline the key role of leadership in reputation recovery and making corporate reputation immune from threats Any book that is going to do justice to a subject that is so complex and intangible needs imagination depth and range and this is exactly what the contributors bring with them

Restoring Sanctuary Sandra L. Bloom, Brian Farragher, 2013-02-14 This book explores the notion that organizations are living systems themselves and as such they manifest various degrees of health and dysfunction analogous to those of individuals Becoming trauma informed as a system means healing as a system and that frequently necessitates the repairing of deficits in basic social and political skills that are necessary for democratic practice in any setting
