Mr. Rohit Manglik

Bridge Procedures Guide Shipboard Training:

Shipboard Training Program Guidelines Team of Administration of Cadets and Alumni Subdivision of PIP Semarang, Praise and gratitude for the abundance of God's grace so that a book of SHIPBOARD TRAINING Guideline for cadets of the DECK and ENGINE Department of PIP Semarang can be completed. This book becomes a guideline for the DECK and ENGINE department cadets in conducting SHIPBOARD TRAINING programs in the shipping company. SHIPBOARD TRAINING is an actual work activity in the form of internship or research to train and improve the skills, abilities, and expertise in their field of study by working directly in the workplace. Besides discussing the rules and regulations of the SHIPBOARD TRAINING such as the general provision, obligations, rights, prohibitions, and sanctions, this book also explains the technique of completing a Training Record Book (TRB). The method of writing the report and writing some letters of SHIPBOARD TRAINING will be discussed as well. All cadets from the DECK and ENGINE department of PIP Semarang must read these guidelines before carrying out the SHIPBOARD TRAINING.

The ISM Code: A Practical Guide to the Legal and Insurance Implications Phil Anderson, 2015-06-16. The ISM Code has been mandatory for almost every commercial vessel in the world for more than a decade and nearly two decades for high risk vessels yet there is very little case law in this area. Consequently, there remains a great deal of confusion about the potential legal and insurance implications of the Code. This third edition represents a major re-write and addresses significant amendments that were made to the ISM Code on 1st July 2010 and 1st January 2015. This book provides practitioners with a practical overview of and much needed guidance on the potential implications of failing to implement the requirements of the Code. It will be hugely valuable to DPAs, managers of ship operating companies, ship masters, maritime lawyers, and insurance claims staff.
