

Between Winnicott and Lacan

A Clinical Engagement

Edited by Lewis A. Kirshner

Between Winnicott And Lacan A Clinical Engagement

L Cohen

Between Winnicott And Lacan A Clinical Engagement:

Between Winnicott and Lacan Lewis A. Kirshner, 2011-03-25 D W Winnicott and Jacques Lacan are arguably two of the most important psychoanalytic theoreticians since Freud and somewhat ironically seemingly two of the most incompatible Lewis Kirshner and his colleagues attempt to demonstrate how the intellectual contributions of these two figures such as Winnicott's self and Lacan's subject complement productively despite their apparent contrast Throughout the book their major concepts are clarified and differentiated but always with an eye toward points of intersection and a more effective psychoanalytic practice Furthermore these contributors address the Winnicott Lacan relationship itself and the evolution of their respective theories peppered with detailed clinical examples of how integrations of their ideas have been utilized with patients directly

The Winnicott Tradition Margaret Boyle Spelman, Frances Thomson-Salo, 2018-05-01 This book includes articles that describe how Winnicott's thinking facilitates the building of bridges between the internal and external realities and outside the boundaries of psychoanalysis as well as within it between different schools of thought

Introduction to Contemporary Psychoanalysis Marilyn Charles, 2017-09-14 This book provides a clear introduction to the main contemporary psychoanalytic theoretical perspectives Psychoanalysis is often thought of as an obscure and outdated method and yet those familiar with it recognize the profound value of psychoanalytic theory and technique Part of the obscurity may come from psychoanalytic language itself which is often impenetrable The complexity of the subject matter has lent itself to a confusion of tongues and yet at base psychoanalysis remains an earnest attempt to make sense of and ease human distress *Introduction to Contemporary Psychoanalysis* seeks to make this rich wealth of information more accessible to clinicians and trainees Psychoanalytic clinicians from various schools here describe the key ideas that underlie their particular perspective helping the reader to see how they apply those ideas in their clinical work Inviting the contributors to speak about their actual practice rather than merely providing an overview this book helps the reader to see common threads that run across perspectives but also to recognize ways in which the different lenses from each of the perspectives inform interventions Through brief vignettes the reader is offered an experience near sense of what it might be like to apply those ideas in their own work The contributors also note the limits or weaknesses of their particular theory inviting the reader to consider the broader spectrum of these diverse offerings so that the benefits of each might be more visible *Introduction to Contemporary Psychoanalysis* offers readers the richness and diversity of psychoanalytic theory and technique so that the advantages of each particular lens might be visible and accessible as a further tool in their clinical work This novel comparative work will be an essential text for any psychoanalyst or psychoanalytically inclined therapist in training as well as clinicians and those who teach psychoanalytic theory and technique

The Routledge Handbook of Psychoanalysis in the Social Sciences and Humanities Anthony Elliott, Jeffrey Prager, 2016-04-14 *The Routledge Handbook of Psychoanalysis in the Social Sciences and Humanities* provides a comprehensive critical overview of the historical theoretical and applied forms of

psychoanalytical criticism This path breaking Handbook offers students new ways of understanding the powers and limits of psychoanalysis and of the social cultural and political possibilities of psychoanalytic critique The book offers students and professionals clear and concise chapters on the development of psychoanalysis introducing key theories that have influenced debates over the psyche desire and emotion in the social sciences and humanities There are substantive chapters on classical Freudian theory Kleinian and Bionian theory object relations psychoanalysis Lacanian and post Lacanian approaches feminist psychoanalysis as well as postmodern trends in psychoanalysis There is a strong emphasis on interdisciplinary approaches to psychoanalytic critique with contributions drawing from developments in sociology politics history cultural studies women s studies and architecture

Finding Winnicott Fadi Abou-Rihan,2023-03-03 In Finding Winnicott Philosophical Encounters with the Psychoanalytic Fadi Abou Rihan expands upon Winnicott s category of the found object and argues that a genuine understanding of the analyst s own thought requires that it be considered in relation to that of another The essays in this collection are in dialogue with the work of Freud Deleuze and Guattari Laplanche Bonaventure Ibn Al Arabi and Huizinga these encounters showcase some of Winnicott s yet unexplored contributions to the questions of subjectivity time and language They weave psychoanalytic theory clinical vignette and key moments from the history of ideas in order to shed light on our findings regarding and indeed findings of desire on some of the playful but no less compelling ways in which the subject lives suffers understands questions and or normalizes desire Chapters span a range of topics including rationales findings and spaces and highlight the subject as not only that which finds but that which is found With clinical vignettes throughout this book is vital reading for practicing analysts as well as analysts in training and students of both philosophy and psychoanalysis

Winnicott and the Future of Psychoanalysis Zeljko Loparic,2018-05-22 In May 2015 the 1st IWA Congress and the XX Winnicott International Colloquium was held in the city of S o Paulo Members of the International Winnicott Association IWA from different countries met to discuss the relationship between Winnicott s thought and the future of psychoanalysis This book contains most of the papers delivered on that occasion and reflects the diversity of approaches marking the event In the following pages the reader will find multiple ways of thinking about the place of Winnicott s theory and practice in the face of the future of psychoanalysis and the challenges current and future raised by our society Loparic Z e Ribeiro V C orgs Winnicott and the Future of Psychoanalysis S o Paulo DWW editorial 2017 An IWA e book

Finding the Piggie Corinne Masur,2021-02-01 2021 Grandiva Award Winner The Piggie is one of the most famous and beloved child cases in the history of psychoanalysis A two year old girl suffering from terrible nightmares depression and self harming behaviours the Piggie came to Donald Winnicott for treatment In writing up the case and allowing it to be published with the posthumous help of his wife Clare and his student Ishak Ramsey Winnicott invited the world into his consulting room and allowed the inner world of the very young child to be seen Seven psychoanalysts rediscover the Piggie meeting her as an adult re scrutinising the case as it was formulated by Winnicott and suggesting new understandings of the

Piggle's material Introduced by a foreword from Angela Joyce the book features an interview with the adult Piggle discussing her recollections of the treatment and her view of its impact many years on as well as a meticulous historical overview from an investigation of The Piggle archive revealing previously unknown information a critical detailed reappraisal of the case and reflections from several authors on how modern psychoanalytic technique might be applied to the case were the Piggle to be seen in 2020 In this age when the voice of the child needs to be heard more than ever Finding The Piggle gives new life to this classic piece of psychoanalytic literature in which the importance of the child's feelings and conflicts is made abundantly clear With this comprehensive exploration a new generation of clinicians and others can rediscover this important case and think about it anew **Winnicott and Labor's Eclipse of Life** Nathan Gerard,2023-09-11 Nathan

Gerard draws upon the pathbreaking insights of pediatrician and psychoanalyst D W Winnicott to offer a new set of ideas in the novel domain of contemporary work life and its discontents Locating Winnicott within a broad landscape of critical scholarship that dissects work's perils the book positions Winnicott as both a radical critic and creative advocate for building a different kind of work life one that might make room for the presence of self By shuffling the discourse on neoliberal subjectivity to reclaim what Winnicott calls unit status of the separate self Gerard differentiates Winnicott from the relational tradition by advocating for Winnicott's non relational aspects Through such analysis the book reveals how work and home have become two sides of the same impoverished coin each contributing to a legitimately bad environment that perpetuates self absence and annihilates one's unique sense of feeling real and alive Winnicott and Labor's Eclipse of Life will be of interest to readers of Winnicott and psychoanalysis organization and management studies and anyone hoping to deepen their engagement with the dynamics of contemporary work life Little Madnesses Annette Kuhn,2013-02-21 Little madnesses

are our most deeply felt enthusiasms investments and attachments in the sphere of culture The term was coined by the child psychoanalyst Donald Winnicott whose work on transitional phenomena grew out of his naming of the transitional object and extended into preliminary explorations of the crucial role played by cultural experience in a life that feels satisfying In our socially and culturally sanctioned little madnesses everyone can find relief from the burden of having to maintain a clear boundary between inner and outer worlds fantasy and reality because it is in the space between them that we can find the enthusiasms and passions that excite our creative imaginations This idea offers intriguing pathways towards understanding how we can engage effectively with the world at a public social level without setting aside our inner lives our emotions and our most deeply felt attachments In Little Madnesses writers artists scholars and experts in a range of fields and disciplines explore the idea of transitional phenomena and consider its potential to extend and deepen our understanding of cultural experience in mental and social life focusing on the importance of space place and boundaries in cultural experience on how we can negotiate media use and cultural identity and on the aesthetic and creative aspects of cultural experience Topics covered include cult films computer use installation art trips to the cinema museums and galleries the agony and ecstasy of

making art and the significance of life stage in cultural experience **Reading Lacan's Écrits: From 'Signification of the Phallus' to 'Metaphor of the Subject'** Stijn Vanheule, Derek Hook, Calum Neill, 2018-10-09

The critic was Jacques Lacan's single most important text a landmark in psychoanalysis which epitomized his aim of returning to Freud via structural linguistics philosophy and literature Reading Lacan's critic is the first extensive set of commentaries on the complete edition of Lacan's critic to be published in English An invaluable document in the history of psychoanalysis and one of the most challenging intellectual works of the twentieth century Lacan's critic still today begs the interpretative engagement of clinicians scholars philosophers and cultural theorists The three volumes of Reading Lacan's critic offer just this a series of systematic paragraph by paragraph commentaries by some of the world's most renowned Lacanian analysts and scholars on the complete edition of the critic inclusive of lesser known articles such as Kant with Sade The Youth of Gide Science and Truth Presentation on Transference and Beyond the Reality Principle The originality and importance of Lacan's critic to psychoanalysis and intellectual history is matched only by the text's notorious inaccessibility Reading Lacan's critic is an indispensable companion piece and reference text for clinicians and scholars exploring Lacan's magnum opus Not only does it contextualize explain and interrogate Lacan's arguments it provides multiple interpretative routes through this most labyrinthine of texts Reading Lacan's critic provides an incisive and accessible companion for psychoanalysts and psychoanalytic psychotherapists in training and in practice as well as philosophers cultural theorists and literary social science and humanities researchers who wish to draw upon Lacan's pivotal work

Right here, we have countless ebook **Between Winnicott And Lacan A Clinical Engagement** and collections to check out. We additionally pay for variant types and with type of the books to browse.
