

# JÜRGEN HABERMAS BETWEEN NATURALISM AND REDEMPTION

by David G. Gribble

# Between Naturalism And Religion Philosophical Essays

**IM Harris**

## **Between Naturalism And Religion Philosophical Essays:**

*Between Naturalism and Religion* Jürgen Habermas, 2008-06-03 In this book Habermas examines the tension between the spread of naturalistic scientific views on the one hand and the rise of religious orthodoxies and revitalization of religious traditions on the other *Between naturalism and religion*, 2006 **Ecologies of Participation** Zayin Cabot, 2018-04-30

In this daring debut Zayin Cabot challenges the wise homebodies of academia A profoundly interdisciplinary approach to comparative scholarship *Ecologies of Participation* offers a methodology whereby we can face our shared planetary predicament It is grounded in process philosophy and asserts the importance of a new ontology of agency It traces the importance of L vy Bruhl and L vi Strauss s early work while offering new insight into the ontological turn in anthropology This book sets out to destabilize modern reductionist trends toward scientific materialism without falling into postmodern cultural constructivism It does not assume the givenness of nature or culture By advancing a multi ontology approach this work offers robust interventions into decolonial and critical studies Cabot takes contemporary scholarship in new and exciting directions offering an unstable ground from which to examine our shared worlds both human and other Throughout the last chapters of the book these threads are illuminated through a detailed ethics of comparison and participation

*Looking Beyond?*, 2012-01-01 Religion is undergoing a transformation in current Western society In addition to organized religions there is a notable movement towards spirituality that is not associated with any institutions but in which experiences and notions of transcendence are still important Transcendence can be described as God the absolute Mystery the Other the other as alterity depending on one s worldview In this book these shifts in the views of transcendence in various areas of culture such as philosophy theology art and politics are explored on the basis of a fourfold heuristic model proposed by Wessel Stoker In conversation with this model various authors established scholars in their fields explain the meaning and role or the critique of transcendence in the thought of contemporary thinkers fields of discourse or cultural domains *Looking Beyond* will stimulate further research on the theme of transcendence in contemporary culture but can also serve as a textbook for courses in various disciplines ranging from philosophy to theology cultural studies literature art and politics

**The Meaning of Religious Freedom in the Public Square** Pablo Munoz Iturrieta, 2020-02-27 This book offers a new perspective on religious freedom Its central theme is to elucidate the meaning of religion and freedom in discussions related to religious freedom and the place of religion in the public square One often hears that either religion must be tamed by restricting its access to public power or that in the name of neutrality and equality no religious reasoning may be used in the political sphere as it may be coercive to other worldviews There is also the idea that religion is a feature of human life essentially distinct from secular features such as politics and economics and which has a peculiarly dangerous inclination to promote violence Thus the meaning of religious freedom in the twenty first century seems uncertain For that reason it is necessary to clarify the meaning of religious freedom especially in relation to the public sphere in order to offer an answer

that will guide us in discerning issues of religious freedom

### **Religious Diversity, State, and Law** Joseph

Marko, Maximilian Lakitsch, Franz Winter, Wolfgang Weirer, Kerstin Wonisch, 2022-10-17 Globalisation migration and de secularisation have fundamentally transformed the concepts of religion state and law during the last decades The main goal of this interdisciplinary approach is to clarify the multifaceted theoretical and practical challenges of religious diversity and socio political pluralism in Europe In twenty two chapters the contributions to this volume revisit basic concepts structures and institutional settings such as sovereignty the dogma of the separation of state church and or religion human and minority rights gender and religion varieties of fundamentalisms interreligious dialogue and peacebuilding and not least religious education *The Oxford Handbook of Secularism* Phil Zuckerman, John R. Shook, 2017 The Oxford Handbook of Secularism

offers a wide ranging examination of secularism on a global scale bringing together an international collection of views from prominent experts in a variety of fields This volume reflects the impressive level of academic attention now given to secularism across the humanities social sciences law and public policy and international relations Long reigning theories about the pace of secularization and ideal church state relations are here scrutinized by a new generation of scholars studying secularism with new questions better data and fresh perspectives **Deprovincializing Habermas** Tom

Bailey, 2022-04-25 This book provides a rich and systematic engagement with Jürgen Habermas political theory from critical perspectives outside its Western locus It constructively examines the theory's implications for non Western contexts ranging from Latin America and the Middle East to India and China and for themes ranging from cosmopolitanism democracy and human rights to colonialism feminism care modernity and religion The chapters added to the second edition explore Habermas own recent response to the charge of provincialism The book will be of special interest to scholars and students of political theory global justice international affairs philosophy and critical theory and also to those working in postcolonial studies religious studies sociology and cultural studies *Bound for Beatitude A Thomistic Study in Eschatology and Ethics*

Reinhard Hütter, 2019 Bound for Beatitude is about St Thomas Aquinas's theology of beatitude and the journey thereto Consequently the work's topic is the meaning and purpose of human life embedded in that of the whole cosmos This study is not an antiquarian exercise in the thought of some sundry medieval thinker but an exercise of ressourcement in the philosophical and theological wisdom of one of the most profound theologians of the Catholic Church one whom the Church has canonized granted the title Doctor of the Church and for a long time regarded as the common doctor This exercise of ressourcement takes its methodological cues from the common doctor hence it is an integrated exercise of philosophical dogmatic and moral theology Its specific theological topic the ultimate human end perfect happiness beatitude and the journey thereto stands at the very heart of St Thomas's theology Far from being pass his theology of beatitude is of urgent pertinence as the crisis of humanity and of creation and the exile of God seems to approach its apogee By way of a presentation interpretation and defense of Thomas Aquinas's doctrine of beatitude and the journey thereto Bound for

Beatitude advances an argument based on four theses 1 The loss of a theology of beatitude has greatly impoverished contemporary theology In order to succeed and flourish theology must recover a sound teleological orientation 2 In order to recover a sound teleological orientation theology must recover metaphysics as its privileged instrument 3 Thomas Aquinas provides a still pertinent model for how theology might achieve these goals in a metaphysically profound theology of beatitude and the beatific vision Finally 4 Aquinas s rich and sophisticated account of the virtues charts the journey to beatitude in a way that still has analytic force and striking relevance in the early twenty first century

**Human Rights and Religion in Educational Contexts** Manfred L. Pirner, Johannes Lähnemann, Heiner Bielefeldt, 2016-07-15 What is the role of religion s in a human rights culture and in human rights education How do human rights and religion relate in the context of public education And what can religious education at public schools contribute to human rights education These are the core questions addressed by this book Stimulating deliberations illuminating analyses and promising conceptual perspectives are offered by renowned experts from ten countries and diverse academic disciplines
