Beyond Style Mastering The Finer Points Of Writing:

Beyond Style Gary Provost, 1988 Offers writers advice on style pace unity sound imagery identification credibility subtlety tension form and viewpoint **Beyond Style - Mastering the Finer Points of Writing** Gary Provost, 2015-12-17 To write well you must reach beyond the classroom basics of composition get a grip on the more complex concepts and learn how to create books articles and stories that move not only from the editor's desk to the bookstore but also in the minds of your readers In this book accomplished writer Gary Provost helps you tackle that tough task Here you'll touch the soul of fine fiction and nonfiction You'll explore the intangibles the relationships between form and content proportion and pacing slant and theme And you'll gain a new perspective on how words work together In that newfound knowledge you'll find power power Provost helps you transfer to the page In candid conversational style he shows you how to balance event and dialogue to keep the pace lively why unity is essential to a story and how to maintain it how to make the written word pleasing to the ear the value of fresh strong imagery how startling originality will keep your readers interested how to make your story credible even when it's fiction how subtlety allows your reader to participate in the action how to tighten up the tension at every level of your story Provost makes no promise that the work will be easy He promises only that your books articles and stories will get better There are after all no magic words except those you put on the page Feature and Magazine Writing David E. Sumner, Holly G. Miller, 2013-01-04 Updated with fresh facts examples and illustrations along with two new chapters on digital media and blogs this third edition continues to be the authoritative and essential guide to writing engaging and marketable feature stories Covers everything from finding original ideas and angles to locating expert sources Expanded edition with new chapters on storytelling for digital media and building a story blog Captivating style exemplifies the author's expert guidance combining academic authority with professional know how Comprehensive coverage of all the angles including marketing written work and finding jobs in the publishing industry Essential reading for anyone wishing to become a strong feature writer Accompanied by a website with a wealth of resources including PowerPoint presentations handouts and Q As that will be available upon publication www.wiley.com/go/sumnerandmiller **The Fast-track Course on how to Write a Nonfiction Book Proposal** Stephen Blake Mettee, 2002 The hard cold fact about getting a book published is that without something close to divine intervention an author is going to have to write a sales piece called a book proposal that will attract the attention of an editor or an agent In fact at most publishers this sales piece is going to have to hold up under the scrutiny of a committee made up of a bevy of editors and a pod of sales and marketing people With The Fast Track Course on How to Write a Nonfiction Book Proposal Mettee a seasoned book editor and publisher cuts to the chase and provides simple detailed instruction that allows anyone to write a professional book proposal and hear an editor say Yes According to Mettee the first rule is Do no harm Too many authors don't pay enough attention to the small things like spelling and grammar and manuscript format that are needed to make their book proposals appear professional They may

have a great idea for a book and be eminently qualified to write it but they schmuck it up with slovenly disregard for the easy stuff The last rule is Be persistent If you quit after your first rejection slip or after the thirteenth or the thirtieth you ll never get published Many books that are rejected scores of times go on to be best sellers You re not defeated until you give up

Management Insights from Motivational Slokas Karanam Nagaraja Rao, Bharathi Devarakonda, In India the Sanskrit literature is an abundant ocean of knowledge and the more we explore the more we get In this book there are around 108 selected slokas many of which are from Bhartruhari Niti Sataka Vidura Niti Kautilya s Arthasastra Maha Bharatha Pancatantra and few others These slokas are basically for the rulers of the kingdoms and are also known as subhashitas literal meaning is good words of advice In olden days these Subhashitas were viewed with great respect Kautilya opined that Subhashita is on par with other basic requirements like water and food There are many books in English giving the literary meaning of these subhashitas slokas But in this book an attempt is made to interpret them from leadership and managerial perspectives And again for the question why from ancient wisdom it is felt that people who want happiness in life are increasingly looking towards spirituality as an alternative to materialistic culture They need some spiritual hooks or skyhooks to cling upon to justify their decisions The slokas provide the ground on which spiritual thoughts can propel and proliferate For those who cannot read Devanagari script an English version of the sloka in I Trance format is provided This book is highly useful for practicing managers leadership coaches mentors and the CEOs Though the title of the book refers managerial insights the book includes psychological sociological and human centric perspectives of the business environment

Library Journal ,1988 **American Bookseller** ,1987 Make Every Word Count Gary Provost,2015-12-17 From the author of Beyond Style Mastering the Finer Points of Writing Gary Provost s Make Every Word Count is a guide to assist writers of both fiction and nonfiction Topics include style use of jargon avoiding cliches tone intention characterization credibility description dialogue viewpoints and many more **The Art & Craft of Novel Writing** Oakley M. Hall,1989 Timeless advice with examples from literary masters Flaubert to Hemingway to Oates The Complete Guide to Writing Fiction Barnaby Conrad,1990 A complete and concise guide to writing and selling long and short fiction including outlining narrative writing details description pacing and action
