Life After Death Dinesh D'Souza,2009-11-02 Unlike many books about the afterlife Life after Death makes no appeal to religious faith divine revelation or sacred texts Drawing on some of the most powerful theories and trends in physics evolutionary biology science philosophy and psychology D Souza shows why the atheist critique of immortality is irrational It is not only reasonable to believe in life after death it is also beneficial Such a belief gives depth and significance to this life a path to happiness and reason for hope

Beyond Death Gary R. Habermas,J. P. Moreland,2004-01-29 Death and what lies beyond is not something you consider every day But the thought of it raises some intriguing questions Are there good reasons for believing in life after death What is the afterlife like How valid are the reports of near death experiences Do heaven and hell exist And if so how can hell be reconciled with a loving God By sharing the very latest scientific philosophical anthropological ethical and theological evidence on life after death noted Christian scholars Habermas and Moreland present a strong case for immortality with this book They begin by taking up the question of whether life after death is real and what evidence supports its reality They then explore what the afterlife is like and go on to show how having this reality in your future should affect the way you live here and now This book will reassure you that there s no need to fear death as long as you re prepared eternity that follows It s also a great aid in developing a serious biblical rational and even scientific defense for the belief in life beyond the grave

Cohn-Sherbok,C. Lewin,1995-03-01 In a book of such varied contents it is certain that eveyone will find something which will challenge and inform and indeed on occasion inspire John Bowker Church Times Throughout history human beings have been preoccupied with personal survival after death As a consequence most world religions proclaim that life continues beyond the grave and they have depicted the Hereafter in a variety of forms These various conceptions constitute answers to the most perplexing spiritual questions Will we remember our former lives in the Hereafter Will we have bodies Can bodiless souls recognize each other Will we continue to have personal identity Will we be punished or rewarded or absorbed into the Godhead These issues serve as the basis of this collection of essays which provide a framework for understanding traditional conceptions of the Hereafter as well as new perspectives Beyond the Threshold Christopher M. Moreman,2008-09-18 In

every culture throughout history people have asked the same fundamental question about what will happen to them when they die From the underworld to the light at the end of the tunnel beliefs and experiences of death abound And even though we cannot know for sure what happens to us after death our understanding of the afterlife can have a profound impact on how we live Beyond the Threshold is the first book to seriously examine the afterlife through the lens of both world religions and metaphysical experiences Christopher M Moreman includes an introduction to the afterlife beliefs of ancient cultures which are essential to understanding the roots of many modern ideas about death He examines the folklore and doctrines of major world religions including Judaism Christianity Islam Hinduism Buddhism Confucianism and Taoism He also discusses psychic phenomena across traditions such as mediums near death and out of body experiences and past life memories While ultimately the afterlife remains unknowable Moreman s unique in depth exploration of both beliefs and experiences can help readers reach their own understanding of the afterlife and how to live No other book in the field approaches the issue of the afterlife from so many angles but Moreman weaves them skillfully together into an accessible and engaging book LIFE

AFTER DEATH DAVID SANDUA,2023-07-14 The book Life After Death Scientific and Philosophical Viewpoints is an in depth and thoughtful exploration of the concept of life after death It approaches this topic from multiple perspectives including religious scientific philosophical and cultural The religious view examines the beliefs of various religions about the afterlife and the role of faith The scientific view focuses on near death experiences and theories based on quantum physics The

philosophical view explores the ideas of philosophers such as Plato and Aristotle as well as the concepts of dualism and monism. It also addresses the concept of reincarnation, the experience of death, and the implications of accepting death. He discusses criticisms of theories of the afterlife from atheistic and skeptical perspectives and how culture and technological advances may influence our beliefs about the afterlife. This book is a thorough and thoughtful exploration of the concept of the afterlife, inviting readers to question their own beliefs and assumptions about the meaning and purpose of life.
