

BEYOND BOB DRUMMING

Drummers Elvin Jones, Paul Motian, Ed Blackwell, Tony Williams and Jack DeJohnette, each members of ground-breaking bands, changed the sound, shape and direction of jazz music. Their playing elevated the position of the drummer to that of the leader of the rhythm section and the emotional energy center of the band. Without the musical contributions of these men, we would not hear or play music the way we do today.

Beyond Bob Drumming is designed to help open these musical frontiers and expand your musical consciousness. This collection of tried and true ideas will show you the “how and why” of this new, more assertive drumming which grew out of the be-bop style. This book will expand those ideas and explore the innovations of the fertile 1960s musical environment and beyond.
