The Other Side of the Story

"The writing here is deeply personal. . . . What emerges
is a persuasive argument that the real traditions of the church are
faith, hope, and love entwined."

A Peoples History Of Christianity The Other Side Of The Story:

A People's History of Christianity Diana Butler Bass, 2009-03-03 For too long the history of Christianity has been told as the triumph of orthodox doctrine imposed through power and hierarchy In A People's History of Christianity historian and religion expert Diana Butler Bass reveals an alternate history that includes a deep social ethic and far reaching inclusivity the other side of the story is not a modern phenomenon but has always been practiced within the church Butler Bass persuasively argues that corrective even subversive beliefs and practices have always been hallmarks of Christianity and are necessary to nourish communities of faith In the same spirit as Howard Zinn's groundbreaking work The People's History of the United States Butler Bass's A People's History of Christianity brings to life the movements personalities and spiritual disciplines that have always informed and ignited Christian worship and social activism A People's History of Christianity authenticates the vital emerging Christian movements of our time providing the historical evidence that celebrates these movements as thoroughly Christian and faithful to the mission and message of Jesus

The Underground Church Robin Meyers, 2020-10-06 The Underground Church proposes that the faithful recapture the spirit of the early church with its emphasis on what Christians do rather than what they believe Prominent progressive writer speaker and minister Robin Meyers proposes that the best way to recapture the spirit of the early Christian church is to recognize that Jesus following was and must be again subversive in the best sense of the word because the gospel taken seriously turns the world upside down No matter how the church may organize itself or worship the defining characteristic of the church of the future will be its Jesus inspired countercultural witness Meyers debunks commonly held beliefs about the early church and offers a vision for the future rooted in the past He proposes that the church of the future must leave doctrinal tribalism behind and seek a unity of mission instead Archbishop Emeritus Desmond Tutu says of this volume Robin Meyers has spoken truth to power and the church he loves will never be the same

Uncovering the Pearl Amos Yong, Mark A. Lamport, Timothy T. N. Lim, 2023-09-19 Asia is by far the largest continent in the world The global expansion of the church which emanated from the Middle East as explored in the first book in the series moved along various routes to take root in Asia proper Christianity in Asia is extraordinarily diverse with very ancient forms of the faith dating to the time of the apostles The western church will be enlightened by the dynamic multi pronged Asian story of Christianity Asian Christianity is also distinct due to the numerous non traditional house or cell movements found throughout the region The diversity of Christianity in Asia makes Christians in this region critical for the future of global Christianity

Not Sure John D. Suk, 2011-09-02 In 2002 while touring North America with his wife in an RV John Suk lifelong Christian longtime pastor and noted leader in the Christian Reformed Church experienced a crippling crisis of faith He emerged from that dark time with a strange new gift doubt In Not Sure Suk takes readers on an eyes wide open deeply personal voyage through the past and present of Christian belief reexamining Christian faith in his own life and in fifteen centuries of Christian history through a skeptic's eyes He exposes

major pitfalls of modern Christian movements and questions what he considers to be faulty paradigms the personal relationship with Jesus the health and wealth gospel and traditional ethnicity based belief systems In the end he is left clinging to what is for him a truer wiser kind of faith in Jesus Christ faith that struggles and lives with doubt *Mission as Accompaniment* Brian E. Konkol, 2017-06-15 Mechanistic dehumanization occurs when human beings are objectified and exploited as a means to an end comparable to expendable components of a machine This misconstruction of human value is a source and sustainer of overproduction an excess of consumption and the pursuit of unrestrained economic growth damaging both people and the planet Can the Evangelical Lutheran Church in America ELCA Global Mission respond to mechanistic dehumanization through mission as accompaniment The notion of mission as accompaniment which emerges from liberation theology and development methodology promotes solidarity among church companions that embodies interdependence and mutuality Grounded in the New Testament expression of koinonia Mission as Accompaniment is affirmed in this study as a suitable foundation to counteract mechanistic dehumanization Through this research with the University of KwaZulu Natal South Africa Theology and Development program Brian E Konkol incorporates economics ecology anthropology and postcolonial missiology He maintains that two particular elements the African concept of Ubuntu and an Olive Agenda when integrated into mission as accompaniment will equip the ELCA Global Mission with an advocacy driven trajectory in response to mechanistic dehumanization *Beyond the Pale* Miguel A. intersection of gender and LGBTQ justice She coauthored two of the first books that support women s equality and LGBTQ rights with the Bible All We re Meant to Be and Is the Homosexual My Neighbor In all her work Scanzoni applies the liberating message of Jesus to women and to people who have been marginalized by church and society because of sexual orientation Building Bridges combines an exploration of the life and work of Letha Dawson Scanzoni with stories of people she continues to empower through her writing and the Evangelical Ecumenical Women s Caucus Christian Feminism Today an organization she cofounded This book illustrates her growing influence as she continues her prophetic collaboration with new generations In addition it provides resources for churches as they build bridges for their ministries of liberation justice and peace

Called to Bless Robert D. Cornwall, 2021-09-29 What does your spiritual DNA look like In terms of your spiritual identity where do you come from and where are you going We live in an age when many Christians have experienced several denominational and religious communities Many wonder what to do with these experiences At the same time many congregations are made up of people who come from different traditions and the question is how to bring these diverse experiences into the life of the congregation in an enriching way If we take as our starting point the call of Abraham and Sarah to take a journey to an unknown land with the promise that their descendants would be a blessing to the nations what might this look like in terms of our spiritual lives Join with the author as he draws on his spiritual journey that has taken him into several denominational traditions as well as his experiences as a pastor and historical theologian to discern values and concepts that can help congregations and individuals make sense of their diverse spiritual experiences so that together we might fulfill the Abrahamic calling reaffirmed in Christ to be a blessing to the nations
