THERE'S A
ZOMBIE
OUTSIDE

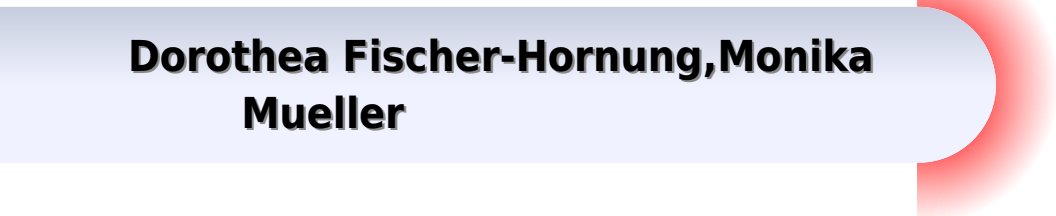

The DVD cover features a dark, atmospheric scene. A zombie with pale skin and dark, hollow eyes is seen from the chest up, looking out through a multi-paned window. The interior of the house is dimly lit, with a warm, yellowish light coming from the window. The zombie's face is pressed against the glass. The title 'THERE'S A ZOMBIE OUTSIDE' is prominently displayed in the upper center, with 'ZOMBIE' in large, bold, red letters and 'THERE'S A' and 'OUTSIDE' in white. The spine of the DVD case is visible on the left, showing the title 'THERE'S A ZOMBIE OUTSIDE' in white and red text. At the bottom of the spine, the DVD Video logo is visible.

Transnational Zombie Cinema, 2010 to 2020 John R. Ziegler,2023-10-02 Transnational Zombie Cinema 2010 to 2020 Readings in a Mutating Tradition examines selected films produced outside the United States in the second decade of the millennial zombie renaissance following the global effects of the Great Recession These readings analyze how the films adapt the zombie myth to localized anxieties pertaining to neoliberal capitalism globalization gender and sexuality national identity history and trauma and self definition within and without culture and social institutions In tracing these variations John R Ziegler investigates not only better known films such as South Korea's Train to Busan 2016 and Cuba's Juan of the Dead 2011 but also lesser known examples such as Malaysia's KL24 Zombies 2017 Italy's The End 2017 and India's Rise of the Zombie 2010 These films Ziegler argues demonstrate the continued significance of the zombie as a flexible powerful tool for thinking about contemporary concerns across the globe and suggest that the zombie myth still has plenty of undead life in it as it continues to mutate and circulate in transnational cinema

Reading the Great American Zombie T. May Stone,2023-08-02 Challenging the human understanding of life and death the zombie figure represents a fragmentation of personhood From its earliest appearances in literature the zombie characterized a human being that was no longer an indivisible whole embodying the ontological debate over which elements

of personhood are most uniquely human Through its literary evolution the zombie s missing element gradually approached a finer definition as narratives moved beyond highlighting metaphysically opaque concepts like soul or will Studying over a century of American literary history this book explores how zombies translate cultural concepts and definitions of personhood Chapters detail how literary zombies have long presented narratives of American cultural self examination The Last Zombie: The End #3 Brian Keene,2013-10-23 The final chapter continues In the ruins of Chicago the hunted becomes the hunter as Planters struggles to stay alive and free his teammates from their captors Meanwhile Ian s battle with the zombie virus takes an unexpected turn one that will put the rest of the team and their entire mission at risk *The Last Zombie: The End #4* Brian Keene,2013-10-30 The final chapter continues Now that Ian s dark secret has finally been revealed Warner and the rest of the team must decide what to do about it But as they wrestle with his fate a group of survivors in Kentucky have other plans ones that might doom them all It s not just the dead who have a taste for the living **Vampires and Zombies** Dorothea Fischer-Hornung,Monika Mueller,2016-02-02 The undead are very much alive in contemporary entertainment and lore Indeed vampires and zombies have garnered attention in print media cinema and on television The vampire with roots in medieval European folklore and the zombie with origins in Afro Caribbean mythology have both undergone significant transformations in global culture proliferating as deviant representatives of the zeitgeist As this volume demonstrates distribution of vampires and zombies across time and space has revealed these undead figures to carry multiple meanings Of all monsters vampires and zombies seem to be the trendiest the most regularly incarnate of the undead and the monsters most frequently represented in the media and pop culture Moreover both figures have experienced radical reinterpretations If in the past vampires were evil blood sucking exploiters and zombies were brainless victims they now have metamorphosed into kinder and gentler blood sucking vampires and crueller more relentless flesh eating zombies Although the portrayals of both vampires and zombies can be traced back to specific regions and predate mass media the introduction of mass distribution through film and game technologies has significantly modified their depiction over time and in new environments Among other topics contributors discuss zombies in Thai films vampire novels of Mexico and undead avatars in horror videogames This volume with scholars from different national and cultural backgrounds explores the transformations that the vampire and zombie figures undergo when they travel globally and through various media and cultures **The Urban Fantasy Anthology** Peter S. Beagle,Joe R Lansdale,2011-08-15 Whether featuring tattooed demon hunters angst y vampires supernatural gumshoes or pixelated pixies Urban Fantasy mashes up old school tales with pop culture creating iconic characters diverging moralities and complex settings Urban fantasy is finally showcased in this star studded collection representing all three of its distinct styles including the playful new mythologies of Charles de Lint the sexy paranormal romances of Patricia Briggs and the gritty urban noir of Neil Gaiman The Computer's Voice Liz W. Faber,2020-12-22 A deconstruction of gender through the voices of Siri HAL 9000 and other computers that talk Although computer based

personal assistants like Siri are increasingly ubiquitous few users stop to ask what it means that some assistants are gendered female others male Why is Star Trek s computer coded as female while HAL 9000 in 2001 A Space Odyssey is heard as male By examining how gender is built into these devices author Liz W Faber explores contentious questions around gender its fundamental constructedness the rigidity of the gender binary and culturally situated attitudes on male and female embodiment Faber begins by considering talking spaceships like those in Star Trek the film Dark Star and the TV series Quark revealing the ideologies that underlie space age progress She then moves on to an intrepid decade by decade investigation of computer voices tracing the evolution from the masculine voices of the 70s and 80s to the feminine ones of the 90s and 00s Faber ends her account in the present with incisive looks at the film Her and Siri herself Going beyond current scholarship on robots and AI to focus on voice interactive computers The Computer s Voice breaks new ground in questions surrounding media technology and gender It makes important contributions to conversations around the gender gap and the increasing acceptance of transgender people

The Undead in World Mythology and Folklore Theresa Bane, 2025-10-02 The undead Horrific monstrosities that will not remain at rest nor let the living be at peace Such entities who will not stay buried may appear as animated corpses or ghostly apparitions and have unclear motives they return to advise to act as a guardian or to devour anyone in their erratic path From the abhartach of Western Europe to the modern zombie this book catalogues nearly 400 different varieties of the undead in meticulous and encyclopedic fashion With a robust bibliography and an exhaustive index this carefully researched encyclopedia presents an authoritative and rich account of those dreadful entities known as living dead
