Dixon, 2023-02-14 A buried secret becomes a big problem for Frank and Joe in the twenty fifth book in the thrilling Hardy Boys Adventures series Frank and Joe are on a history club trip to New York City and their first stop is the Prohibition

Museum where they'll hear about how smugglers building getaway vehicles led to the rise of modern stock car racing. During a tour of damp escape tunnels beneath the museum, Frank slips and breaks a wall panel with his elbow, revealing a hidden compartment containing documents from the 1920s. The documents reveal that The Gilded Top Hat, the speakeasy which later became the Prohibition Museum, wasn't actually owned by the Faccini brothers who were arrested for its bootlegging operations. The museum curator is eager to investigate this lead into the speakeasy's history and never ones to turn down a good case, Frank and Joe volunteer to help out. But before long, someone steals the documents and sends the boys warnings to stop digging into the past. Can Frank and Joe uncover the truth before it's buried for another hundred years, and the boys along with it?

Betray the Lie, Emily Kimelman, Carrying a girl Across the river. The hazy moon. Robert glances up from the book of Haiku verse. That's like us. Is it I ask with a smile. Blue shifts on the couch next to me, pressing more weight against my side. Nila and Frank lay together, their limbs intertwined on the marble floor. Robert is half in shadow, his green glass shaded reading lamp throwing a pale yellow circle across his lap and chest. A small leather bound book lays open in one of his long-fingered, elegant hands. The last wisps of the sunset, just the palest, most powdery blues and darkest hues of purple, light up the sky and filter through the wall of glass, casting shadows around the living room. Robert's phone, lying on the table next to him, vibrates, sending a low hum through the quiet, peaceful room. He glances at the screen and then answers it. Yes, Brock. Brock is his head of home security and handles the safety and impenetrability of this mansion on Star Island, a refuge for the extremely wealthy in Biscayne Bay, just east of downtown Miami. I see Robert's gaze meets mine, his blue-green eyes narrowing. The fine lines around them deepen. In his fifties, with dark hair silvering at the temples, Robert is an imposing presence. It's not just that he's over six feet tall and well-muscled. Or that he moves with the elegance and speed of a killer. Either. There is an aura of power that surrounds Robert. Maxim wafts from him and demands to be acknowledged. He closes the book of poems and leaves it on the side table. Blue, Nila, and Frank lift their heads, collars jangling. The puppies look to their father for direction. Eight months old, with gigantic paws, soft features, and keen instincts, they are almost as tall as Blue. A mutt I adopted back when I lived in New York, a lifetime ago. Blue is the height of a Great Dane, with the long, elegant snout of a collie, the thick coat of a wolf, and the markings of a Siberian husky, with one blue eye and one brown. Blue is trained to protect, and his offspring are learning. Nila, better than Frank. Frank is a dumb dog, which I love about him. The guy is almost too sweet for the job. Whenever Merl, a dog expert, tries to get him to attack, Frank turns it into a game. Nila, on the other hand, is ruthless, smart, and quick. Robert hangs

up the phone and Blue leaps off the couch The puppies scramble to their feet facing the door Robert stands slipping the phone into his pocket and crosses to me He reaches out a hand the shirt sleeve rolled up exposing a strong forearm dusted in dark hair Time to go he says I twine my fingers with his and Robert pulls me from the couch holding me tight as we begin to move A heavy fist pounds on the front door echoing through the large house My soft soled sneakers are almost silent on the marble as we begin to jog The dogs nails click along with us Homeland Security Open up A man yells his voice muffled by the large house Robert presses a button and a bookshelf slides away revealing a doorway The loud crash of a battering ram striking the front door echoes as Maxim punches a code into the keypad next to the elevator My heartbeat remains even I am not afraid P S The dog does not die Beware If you can t handle a few f bombs you can t handle this series *It's Nation Time* Jerry White, 2024-10-01 Speaking at the Congress of African People in September 1970 Amiri Baraka said In Newark when we greet each other on the streets we say what time is it We always say It s nation time Nationalism is about land and nation a way of life trying to free itself National identity and nationhood are too often easily dismissed as retrograde populism or racist exclusion Instead they need to be understood as a key part of a vision of globalization that holds the imperatives of diversity and solidarity in a delicate balance Jerry White offers a defence of the nation based on the assumption that struggles for national identity have often unfolded in ways that should be familiar to those who defend the political standpoint of the progressive left Having evolved into something that a wide variety of actors have sought to defend nations can also serve as a defence against the homogenizing forces of globalization and as havens of diversity in opposition to more singularly minded forms of affiliation It s Nation Time is structured as a series of specific case studies that speak to theories of nation and their historical and cultural manifestations It includes examples as varied as Black nationalism Simone Weil s hopes for a postwar France the first independence period of Georgia the Bollywood cinema of Nehru era India and small or stateless nations such as New Zealand Quebec Ireland Catalonia the M tis the Mohawk and the Inuit to argue that nationalism is a social form that has much potential and life in it Broadly internationalist but also deeply insightful about the particular cultures and politics of small nations It s Nation Time defends an idea of nation and a form of nationalism that are rooted in the potential for diversity flexibility and progressive politics *Sublime Physick* Patrick Madden, 2016-02 A follow up to Patrick Madden s award winning debut this introspective and exuberant collection of essays is wide ranging and wild following bifurcating paths of thought to surprising connections In Sublime Physick Madden seeks what is common and ennobling among seemingly disparate even divisive subjects ruminating on midlife time family forgiveness loss originality a Canadian rock band and much more discerning the ways in which the natural world fisica transcends and joins the realm of ideas sublime through the application of a meditative mind In twelve essays that straddle the classical and the contemporary Madden transmutes the ruder world into a finer one articulating with subtle humor and playfulness how science and experience abut and intersect with spirituality and everyday life For teachers who d like to adopt this book for their classes
