Aol Questions Answers:

Advances in Open Domain Question Answering Tomek Strzalkowski, Sanda Harabagiu, 2006-10-07 Automated question answering the ability of a machine to answer questions simple or complex posed in ordinary human language is one of today's most exciting technological developments. It has all the markings of a disruptive technology, one that is poised to displace the existing search methods and establish new standards for user-centered access to information. This book gives a comprehensive and detailed look at the current approaches to automated question answering. The level of presentation is suitable for newcomers to the field as well as for professionals wishing to study this area and/or to build practical QA systems. The book can serve as a how-to handbook for IT practitioners and system developers. It can also be used to teach advanced graduate courses in Computer Science, Information Science, and related disciplines. The readers will acquire in-depth practical knowledge of this critical new technology. *The Mobile Technology Question and Answer Book* Ron Schneiderman, 2002 Clarifies regulatory issues, technical standards, and protocols, jargon, and acronyms central to the mobile communications industry in a series of 90 questions and answers. Topics include mobile Internet, software-defined radio, Bluetooth, satellite-based navigation systems, mobile commerce applications, and security and privacy issues. Spiritual searchers today are no different. The profusion of Web sites, online forums, and e-mail discussion groups devoted to Judaism provides ample testimony to the need and desire for nearly instantaneous access to spiritual information and guidance. In our modern technology-focused society today, America Online's Ask a Rabbi service was an instant hit the moment it was introduced over a decade ago. As an original volunteer for this service for eight years, Rabbi Kohn answered over 1,300 questions about every imaginable Jewish topic, ranging from anti-Semitism, sex, God, Jewish holidays, death, Kabbalah, Kashrut, prayer, spirituality, and much more. Rabbi Kohn's answers are short and concise, answering the questions directly, often with humor, but always with feeling. Jewish FAQs is a selection of nearly 300 of the best, most interesting, and informative questions and answers, similar to a Web site's Jewish FAQ, frequently asked questions. A FAQ is a file containing the essential questions and answers to help users find and understand a Web site. Jewish FAQs is similar because it provides a basic introduction to anything and everything related to Jewish life, all in one place. So if you have a question about Judaism, whether you're young or old, Internet-savvy or a dyed-in-the-wool print and paper reader, chances are you'll find the answer here in Jewish FAQs. **Web Information Systems Engineering - WISE 2009** Gottfried Vossen, Darrell D.
