Bible History Old Testament New Updated Edition Alfred Edersheim, 1994-09-01 In this enduring classic Alfred Edersheim explores the broad sweep of Old Testament history He brings to his work his immense learning and familiarity with Judaism as well as his love for Scripture and his desire for every Christian to know and understand the story of God's redemptive work in history This new edition of Edersheim's classic features the following improvements Entirely reset in a modern and easy to read typeface Complete and unabridged in one volume Arabic numbers replace roman numerals New maps to provide for richer understanding In writing it Bible History Old Testament I have primarily had in view those who teach and those who learn whether in the school or in the family But my scope has also been wider I have wished to furnish what may be useful for reading in the family what indeed may in some measure serve the place of a popular exposition of the sacred history More than this I hope it may likewise prove a book to put in the hands of students to show them what the Bible really teaches Alfred Edersheim *The Bible history* Alfred Edersheim, 1875 **The Bible History, Old Testament** Alfred Edersheim, 20?? **Bible History-Old Testament** Edersheim, Alfred, In this book Alfred Edersheim looks at a large array of different aspects of Old Testament history He states that In writing this book I have primarily had in view those who teach and those who learn whether in the school or in the family But my scope has also been wider I have wished to furnish what may be useful for reading in the family what indeed may in some measure serve the place of a popular exposition of the sacred history More than this I hope it may likewise prove a book to put in the hands of students to show them what the Bible really teaches [The Bible History, Old Testament](#) Alfred Edersheim, 2015-12-01 Alfred Edersheim was a Jewish convert to Christianity who wrote a massive multi volume tome on the history of the Bible From the preface THE history of Israel viewed as the Theocracy or Kingdom of God consists of three periods First that under the guidance of Prophets from Moses to Samuel Secondly that under the rule of Kings from Saul to the Babylonish Captivity and Thirdly that under the reign of High Priests from Ezra to the birth of Jesus Christ Thus the Theocracy had passed through its full typical development in all its stages when He came to Whom they all pointed Jesus Christ the Prophet King and High priest of the Kingdom of God The period described in the present volume closes one of these stages and commences another The connecting link between them was Samuel who alone fully realized the mission of the Judges and who was also Divinely appointed to inaugurate the new institution of royalty in Israel That royalty next appeared in its twofold possibility or as we might express it in its negative and positive aspects Saul embodied the royal ideal of the people while David represented the Scriptural ideal of royalty in its conscious subjection to the will of the Heavenly King Saul was so to speak the king after Israel's David after God's own heart But with the actual introduction of monarchy the first period had come to an end and a new era begun which was intended to continue till the third and last preliminary stage was reached which prepared the way for the Advent of Him Who was the fulfillment of the typical meaning of all From what has been said it will be inferred that the period about to be described must

have witnessed the birth of new ideas and the manifestation of new spiritual facts otherwise spiritual advancement would not have kept pace with outward progress But it is in the rhythm of these two that the real meaning of Scripture history lies marking as it does the *pari passu* inner and outer development of the kingdom of God On the other hand the appearance of new ideas and spiritual facts would necessarily bring out in sharper contrast the old that was passing away and even lead to occasional antagonism Of course these new ideas and facts would not at first be fully understood or realized They rather pointed towards a goal which was to be reached in the course of history For nothing could be more fatal to the proper understanding of Holy Scripture or of the purposes of God in His dealings with His ancient people than to transport into olden times the full spiritual privileges the knowledge of Divine truth or even that of right and duty which we now enjoy It is not to do honor but dishonor to the Spirit of God to overlook the educational process of gradual development which is not only a necessity of our nature but explains our history A miracle of might could indeed have placed the age of Samuel on the same spiritual level with that of the New Testament at least so far as regards the communication of the same measure of truth But such an exhibition of power would have eliminated the moral element in the educational progress of Israel with the discipline of wisdom mercy and truth which it implied and indeed have rendered the whole Old Testament history needless

Bible History Old Testament Xavier Koenig, 1905 **Bible History** Alfred Edersheim, 2017-12-05 The Old Testament is one of the most fascinating texts that the world has ever seen Drawn from the Hebrew Bible it forms the basis of all Christian denominations whether Protestant Catholic or Orthodox they all refer to the Old Testament in some form Alfred Edersheim in this fascinating study uncovers the Old Testament removing layers of mystery allowing readers to more fully engage with the text He analyzes the books chapter by chapter thus providing a chronological history of the Jewish people This work is split into seven volumes to make it manageable for the reader to understand each major period that is covered in the Old Testament Volume One covers The World Before the Flood and The History of the Patriarchs Volume Two The Exodus and The Wanderings in the Wilderness Volume Three Israel In Canaan Under Joshua And The Judges Volume Four The History of Israel under Samuel Saul and David Volume Five Birth of Solomon to Reign of Ahab Volume Six The Reign of Ahab to the Decline of the Two Kingdoms and Volume Seven From the Decline of the Two Kingdoms to the Assyrian and Babylonian Captivity Edersheim at the outset of the book stated his objective I have endeavored to write in a form so popular and easily intelligible as to be of use to the Sunday school teacher the advanced scholar and the Bible class progressing gradually in the course of this and the next volume from the more simple to the more detailed He certainly achieves this aim in this magnificent study that is worthy of being read by all Alfred Edersheim 1825-89 was a Vienna born biblical scholar who converted from Judaism to Christianity A veteran minister and missionary to the Jews of Romania Edersheim left an enduring and priceless legacy to followers of Christ Among his most widely read works are *The Life and Times of Jesus the Messiah* *The Temple Its Ministry and Services* and *Bible History Old Testament* **Bible History, Or, The Principal Events of the**
