Audit Guide For Vendor Master Data:

Internal Audit Handbook Henning Kagermann, William Kinney, Karlheinz Küting, Claus-Peter Weber, 2007-12-04 This book offers a comprehensive up to date presentation of the tasks and challenges facing internal audit It presents the Audit Roadmap the process model of internal auditing developed at SAP which describes all stages of an audit Coverage provides information on issues such as the identification of audit fields the annual audit planning the organization and execution of audits as well as reporting and follow up The handbook also discusses management related subjects Separate chapters are dedicated to special topics like IT or SOX audits U.S. Master Auditing Guide (Third Edition) D. Larry Crumbley, Rezaee Zabihollah, 2004-08 The field of taxation of employee and executive compensation is complex dynamic and ever changing CCH's U.S. Master Compensation Tax Guide unravels the complexity and explains in clear and concise language this critical area providing practical and comprehensive guidance The Guide covers the complicated compensation tax topic in a comprehensive yet practical straightforward fashion that readers value and appreciate *Federal Information System Controls Audit Manual (FISCAM)* Robert F. Dacey, 2010-11 FISCAM presents a methodology for performing info system IS control audits of governmental entities in accordance with professional standards FISCAM is designed to be used on financial and performance audits and attestation engagements The methodology in the FISCAM incorporates the following 1 A top down risk based approach that considers materiality and significance in determining audit procedures 2 Evaluation of entitywide controls and their effect on audit risk 3 Evaluation of general controls and their pervasive impact on business process controls 4 Evaluation of security mgmt at all levels 5 Control hierarchy to evaluate IS control weaknesses 6 Groupings of control categories consistent with the nature of the risk Illus **Auditing and GRC Automation in SAP** Maxim Chuprunov, 2013-04-09 Over the last few years financial statement scandals cases of fraud and corruption data protection violations and other legal violations have led to numerous liability cases damages claims and losses of reputation As a reaction to these developments several regulations have been issued Corporate Governance the Sarbanes Oxley Act IFRS Basel II and III Solvency II and BilMoG to name just a few In this book compliance is understood as the process mapped not only in an internal control system that is intended to guarantee conformity with legal requirements but also with internal policies and enterprise objectives in particular efficiency and profitability The current literature primarily confines itself to mapping controls in SAP ERP and auditing SAP systems Maxim Chuprunov not only addresses this subject but extends the aim of internal controls from legal compliance to include efficiency and profitability and then well beyond because a basic understanding of the processes involved in IT supported compliance management processes are not delivered along with the software Starting with the requirements for compliance Part I he not only answers compliance relevant questions in the form of an audit guide for an SAP ERP system and in the form of risks and control descriptions Part II but also shows how to automate the compliance management process based on SAP GRC Part III He thus addresses the current need for solutions

for implementing an integrated GRC system in an organization especially focusing on the continuous control monitoring topics Maxim Chuprunov mainly targets compliance experts auditors SAP project managers and consultants responsible for GRC products as readers for his book They will find indispensable information for their daily work from the first to the last page In addition MBA management information system students as well as senior managers like CIOs and CFOs will find a wealth of valuable information on compliance in the SAP ERP environment on GRC in general and its implementation in particular
