How was it a "...response to women's participation in the American Revolution, Enlightenment ideas, and women's appeals for expanded roles..." What was its effect on American cultural, social, and political life?

Republican motherhood was the belief that women should have more rights so they could help more with their families in political ideas in society. It was a response to women's participation in the revolution, Enlightenment Ideas, and women's appeal for expanded roles because women began having more important roles, education was opening up to women. Women started to argue about the beliefs of a man, and when men left for war, women who were at home would do what they did when they were gone.
