Exam Review Guide Questions

Directions:

The questions listed below were generated using the Learning Objectives from the CED. We will be using your responses to help you focus your studying in order to address the Enduring Learning, apply the Essential Knowledge, and understand the Big Ideas for each unit. When addressing the questions below, it should seem very similar to what you did for Outlines this year. The difference is that we are now applying the content you gathered for your outlines and approaching it in a slightly different manner to order for you think about the content differently. You need to complete the both steps below for each topic. This needs to be typed and turned in through www.turnitin.com. You can collaborate and work with one other person, but no more, and they can be in any of the other class periods if you would like. Only one of you needs to turn in your work in on Turnitin.com. If you do work with someone else, please include your name and their name on your document and in the title on Turnitin.com. Remember, plagiarism of any kind will result in a zero on this review. You and your partner can have identical work, but no one else.

1. Give a detailed and specific answer to each of the questions below, using **Terms from the unit**. There is no minimum or maximum of Terms need, but you must use them effectively. Your responses can be in paragraph form or bulleted. Your first approach to these questions is to refer to your Outlines. Many of you already put in hard work with your Outlines this year, so it is just a matter of applying what you have already done. It is okay to copy and paste your responses if they are directly from your own Outlines or your partners (if you are working with one). All your responses must be cited using the following color coding.
 - a. If you are working with partner, you need each assign yourself a color, as identified below, and include a key in your review guide as to who each corresponds with.
 - i. **Blue text = this information was taken from Person #1's Outline.**
 - ii. **Green text = this information was taken from Person #2's Outline.**
 - b. Information acquired from sources other than your outlines will be identified in purple. You will also need to cite where the information came from at the end of your response.
 - i. **Purple text = this information was taken from sources other than outlines.**
2. For each Topic, you are required to find a document that would support your response. If there is more than one question for a Topic you only need to identify a document for one of the questions. You do not have to address the document in your response, but it needs to be apparent that the document relates to your response. The documents should be the same style documents you would see on an FRQ. Documents can include maps, charts, pictures, or diagrams.

Throughout the weeks we will be working on maps, analysis, "big ideas", enduring learning, essential knowledge, and a variety of other activities based off the learning objectives, your outlines, your answers to these questions, and documents you provide for your answers. Failure to complete this review guide will hinder your ability to participate and do well on the related work. All unit review guides will count as assignment grades for 4th quarter.

Unit 3 Review Guide is worth 34 assignment points.
