Augustine Catechism Enchiridion On Faith Hope And Charity The Augustine Series:

The Augustine Catechism Saint Augustine (of Hippo), 2008 New edition and revised translation Written as a favor for a friend this little work is a wonderful explanation of the Christian faith a true catechism from which throughout the history of the church other catechisms have drawn and learned Augustine first works his way through the creed and then the Lord's Prayer as recorded by Matthew ending with the sacraments This is a colossal work in one small volume **The Augustine Catechism** Saint Augustine (of Hippo), 1999 Written as a favor for a friend this little work of Saint Augustine is a wonderful explanation of the Christian faith a true catechism From it other catechisms throughout the history of the Church have sprung up including the recent Catechism of the Catholic Church which quotes Augustine extensively Back cover **The Enchiridion on Faith, Hope and Love** Saint Augustine (of Hippo), 1961 **Augustine Catechism** Augustine of Hippo, 2011-10-01 Written as a favor for a friend this little work of Saint Augustine is a wonderful explanation of the Christian faith a true catechism From it other catechisms throughout the history of the Church have sprung up including the recent Catechism of the Catholic Church which quotes Augustine extensively Within the context of the three theological virtues faith hope and love Augustine masterfully covers Christian beliefs He extensively comments on the Creed the Lord's Prayer as recorded by Matthew and the sacraments This is a colossal work in one small volume **Faith, Hope, and Love in the Technological Society** Franz A. Foltz, Frederick A. Foltz, 2018-07-31 Franz and Frederick Foltz examine how modern technology creates an environment that significantly affects Christianity by reducing the mysteries of faith to manageable techniques The body of their work analyzes the effects of technology on the theological virtues of faith hope and love the triad that believers have used for a common narrative to understand and express their thoughts and experiences They begin by looking at how recent developments have brought us into a post truth era by removing words from their context in nature time place and community Popular theologies such as the power of positive thinking the laws of creation the plan for salvation and the prosperity gospel reflect this change by gearing all for efficiently getting what we want and ignoring tradition The authors then examine each of the virtues separately finding that faith has become a risk management tool that depends on confidence in systems rather than personal relationships hope is defined as the expectation that our present desires shall be granted rather than a vision of the future and love has become an intimacy that provides escape from the real world and community rather than a self denying care for them Finally the authors take a look at some appropriate responses **The Enchiridion on Faith, Hope and Love** Saint Augustine of Hippo, Aeterna Press, I Cannot express my beloved son Laurentius the delight with which I witness your progress in knowledge and the earnest desire I have that you should be a wise man not one of those of whom it is said Where is the wise where is the scribe where is the disputer of this world hath not God made foolish the wisdom of this world but one of those of whom it is said The multitude of the wise is the welfare of the world and such as the apostles wishes those to become whom he tells I would have you wise unto that which is

good and simple concerning evil Now just as no one can exist of himself so no one can be wise of himself but only by the enlightening influence of Him of whom it is written All wisdom cometh from the Lord Aeterna Press The Sentences Peter Lombard (Bishop of Paris),2007 This volume makes available for the first time in English full translations of Book 2 of the Sentences It consists of forty four Distinctions and contains an introduction to Book 2 a list of the major chapter headings and a bibliography **Heavenly Bodies** Sigurdson,2016 Deep and wide study of 2 000 years of Christian thought on the human body Does Christianity scorn our bodies Friedrich Nietzsche thought so and many others since him have thought the same Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus Finally he weaves these strands into a contemporary Christian theology of embodiment Sigurdson s profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging **The Sentences** Peter Lombard (Bishop of Paris),2007 This volume makes available for the first time in English full translations of Book 2 of the Sentences It consists of forty four Distinctions and contains an introduction to Book 2 a list of the major chapter headings and a bibliography **Love Does Not Seek Its Own** Jonathan D. Ryan,2021-04-08 This book arises out of contemporary questions regarding the nature and formation of the church amidst an economically divided society Looking to Augustine of Hippo for guidance Jonathan D Ryan argues that the movement from private self interest toward common love of God and neighbor is fundamental to the church s formation and identity amidst contemporary contexts of economic inequality Ryan demonstrates the centrality of this theme in Augustine s Sermons and his monastic instruction principally the Rule illustrating how it shapes his pastoral guidance on matters pertinent to economic division including use of material resources and attitudes toward rich and poor By reading Augustine s Sermons alongside his monastic instruction this volume allows for a closer understanding of how Augustine s vision of a common life is reflected in his pastoral guidance to the wider congregation The book s concluding reflections consider what the church in our time might learn from these aspects of Augustine s teaching regarding the formation of a common life as members are drawn together in love of God and neighbour
