Beyond Texas Through Time Breaking Away From Past Interpretations

Bruce A. Glasrud, Harold J. Weiss Jr

Beyond Texas Through Time Breaking Away From Past Interpretations:

Beyond Texas Through Time Walter L. Buenger,Arnoldo De León,2011-01-27 In 1991 Walter L Buenger and the late Robert A Calvert compiled a pioneering work in Texas historiography Texas Through Time a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s Now Buenger and Arnoldo De Le n have assembled an important new collection that assesses the current state of Texas historiography building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume This new work Beyond Texas Through Time departs from the earlier volume s emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras Instead the studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume extending its usefulness well beyond a review of the literature In addition the volume editors introduction proposes the application of cultural constructionism as an important third perspective on the thematic and topical analyses provided by the other contributors Beyond Texas Through Time offers both a vantage point and a benchmark serving as an important reference for scholars and advanced students of history and historiography even beyond the borders of Texas

Lone Star Suburbs Paul J. P. Sandul,M. Scott Sosebee,2019-10-10 How is it that nearly 90 percent of the Texan population currently lives in metropolitan regions but many Texans still embrace and promote a vision of their state s nineteenth century rural identity This is one of the questions the editors and contributors to Lone Star Suburbs confront One answer they contend may be the long shadow cast by a Texas myth that has served the dominant culture while marginalizing those on the fringes Another may be the criticism suburbia has endured for undermining the very romantic individuality that the Texas myth celebrates From the 1950s to the present cultural critics have derided suburbs as landscapes of sameness and conformity Only recently have historians begun to document the multidimensional industrial and ethnic aspects of suburban life as well as the development of multifamily housing services and leisure facilities In Lone Star Suburbs urban historian Paul J P Sandul Texas historian M Scott Sosebee and ten contributors move the discussion of suburbia well beyond the stereotype of endless blocks of white middle class neighborhoods and fill a gap in our knowledge of the Lone Star State This collection supports the claim that Texas is not only primarily suburban but also the most representative example of this urban form in the United States Essays consider transportation infrastructure urban planning and professional sports as they relate to the suburban ideal the experiences of African Americans Asian Americans and Latinos in Texas metropolitan areas and the environmental consequences of suburbanization in the state Texas is no longer the bastion of rural life in the United States but now for better or worse represents the leading edge of suburban living This important book offers a first step in coming to grips with that reality

Sontag and the Camp Aesthetic Bruce E. Drushel, Brian M. Peters, 2017-02-15 *Sontag and the Camp Aesthetic* Advancing New Perspectives marks 50 years of writing and cultural production on the phenomenon of camp since Susan Sontag's 1964 cornerstone essay *Notes on Camp*. It provides cutting edge theory and understanding on ways to read and interpret camp through a collection of essays from historical, theoretical, and cultural perspectives. It includes varied subject areas including camp icons, stylistics, periods, and important and representative texts from television, film, and literature. These essays create a scholarly conversation that understands camp as not only a signifier or aesthetic but also a language mode and style that goes beyond its initial linguistic and semiotic guise. The contributors, representing a diverse group of established and rising scholars, explore camp as a largely queer genre that includes varying modes of understanding of desire and of the self outside a hegemonic model of heteronormativity.

Six Constitutions Over Texas William J. Chriss, 2024-06-18 In his foreword to *Six Constitutions Over Texas*, Texas Political Identity 1830-1900, historian H. W. Brands describes the saga surrounding the development of the Texas state constitution as having the sweep of a Russian novel populated by characters as colorful as any of Tolstoy's. Indeed, even a glance at the table of contents reveals hints of international and regional conflict, intrigue, and shifting political alliances that characterized the rise and in the case of the first five iterations, fall of the constitutions serving as the guiding document for what was variously a state of Mexico, an independent nation, a member of the Union, a Confederate state, and a newly subdued region under Reconstruction. This meticulous study by legal historian William J. Chriss examines how Anglo Texans went about creating their political identity over three quarters of a century and the impact of those decisions. By delineating the social, political, military, and other considerations at play during the various stages of Texas development and how those factors manifested in the various constitutions, Chriss illuminates the process by which various groups constructed Texas as an imagined community, an identity produced by ideological consensus among economic, cultural, and legal elites. Replete with insights on the ways in which systems of law impact social control and political identity, *Six Constitutions Over Texas* offers a fresh view of how shifting political ideologies were canonized with varying degrees of permanency in the state constitution.

Texan Identities Light Townsend Cummins, Mary L. Scheer, 2016-09-15 *Texan Identities* rests on the assumption that Texas has distinctive identities that define what it means to be Texan and that these identities flow from myth and memory. Each contributor to this volume provides in some fashion an answer to the following questions: What does it mean to be Texan? What constitutes a Texas identity and how may such change over time? What myths, memories, and fallacies contribute to making a Texas identity and how have these changed for Texas? Are all the myths and memories that define Texas identity true or are some of them fallacious? Is there more than one Texas identity? Many Texans do believe the story of their state's development manifesting singular, unique attributes which are prone to expression as stereotypical, iconic representations of what it means to be Texan. Each of the essays in this volume addresses particular events, places, and people in Texas history and how they are related to Texas identity, myth, and memory. The discussion begins

with the idealized narrative and icons revolving around the Texas Revolution most especially the Alamo The Texas Rangers in myth and memory are also explored Other essays expand on traditional and increasingly outdated interpretations of the Anglo American myth of Texas by considering little known roles played by women racial minorities and specific stereotypes such as the cattleman

Discovering Texas History Bruce A. Glasrud,Light Townsend Cummins,Cary D. Wintz,2014-09-09

Discovering Texas History is a historiographical reference book that will be invaluable to teachers students and researchers of Texas history Chapter authors are familiar names in Texas history circles a who s who of high profile historians Conceived as a follow up to the award winning but increasingly dated *A Guide the History of Texas* 1988 *Discovering Texas History* focuses on the major trends in the study of Texas history since 1990 In part one topical essays address significant historical themes from race and gender to the arts and urban history In part two chronological essays cover the full span of Texas historiography from the Spanish era to the modern day In each case the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that *Discovering Texas History* will take its place as the standard work on the history of Texas history

The Other Great Migration Bernadette Pruitt,2013-10-16

The twentieth century has seen two great waves of African American migration from rural areas into the city changing not only the country s demographics but also black culture In her thorough study of migration to Houston Bernadette Pruitt portrays the move from rural to urban homes in Jim Crow Houston as a form of black activism and resistance to racism Between 1900 and 1950 nearly fifty thousand blacks left their rural communities and small towns in Texas and Louisiana for Houston Jim Crow proscription disfranchisement acts of violence and brutality and rural poverty pushed them from their homes the lure of social advancement and prosperity based on urban industrial development drew them Houston s close proximity to basic minerals innovations in transportation increased trade augmented economic revenue and industrial development prompted white families commercial businesses and industries near the Houston Ship Channel to recruit blacks and other immigrants to the city as domestic laborers and wage earners Using census data manuscript collections government records and oral history interviews Pruitt details who the migrants were why they embarked on their journeys to Houston the migration networks on which they relied the jobs they held the neighborhoods into which they settled the culture and institutions they transplanted into the city and the communities and people they transformed in Houston

Biscuits, the Dole, and Nodding Donkeys Norman D. Brown,2019-10-22

A fascinating tour of Texas state politics during the Great Depression from the historian and author of *Hood Bonnet and Little Brown Jug* Keith J Volanto author of *Texas Voices* When the venerable historian Norman D Brown published *Hood Bonnet and Little Brown Jug* in 1984 he earned national acclaim for revealing the audacious tactics at play in Texas politics during the Roaring Twenties detailing the effects of the Ku Klux Klan newly enfranchised women and Prohibition Shortly before his death in 2015 Brown completed *Biscuits the Dole and Nodding Donkeys* which picks up just as the Democratic Party was poised for a bruising fight in the 1930 primary Charting the

governorships of Dan Moody Ross Sterling Miriam Ma Ferguson in her second term and James V Allred this engrossing sequel takes its title from the notion that Texas politicians should give voters what they want When you cease to deliver the biscuits they will not be for you any longer said Jim Pa Ferguson while remaining wary of federal assistance the dole in a state where the economy is fueled by oil pumpjacks nodding donkeys Taking readers to an era when a self serving group of Texas politicians operated in a system that was closed to anyone outside the state s white wealthy echelons Brown unearths a riveting little known history whose impact continues to ripple at the capitol Rich in personal detail and general audiences and aficionados of Texana will enjoy the colorful portraits of James and Miriam Ferguson Ross Sterling Tom Love John Nance Garner and others History Reviews of New Books **Allie Victoria Tennant and the Visual Arts in Dallas** Light Townsend Cummins, 2015-09-24 Winner 2016 Liz Carpenter Award for the Research in the History of Women presented at the Texas State Historical Association Annual Meeting At Fair Park in Dallas a sculpture of a Native American figure bronze with gilded gold leaf strains a bow before sending an arrow into flight Tejas Warrior has welcomed thousands of visitors since the Texas Centennial Exposition opened in the 1930s The iconic piece is instantly recognizable yet few people know about its creator Allie Victoria Tennant one of a notable group of Texas artists who actively advanced regionalist art in the decades before World War II Light Townsend Cummins follows Tennant s public career from the 1920s to the 1960s both as an artist and as a culture bearer as she advanced cultural endeavors including the arts A true pathfinder she helped to create and nurture art institutions that still exist today most especially the Dallas Museum of Art on whose board of trustees she sat for almost thirty years Tennant also worked on behalf of other civic institutions including the public schools art academies and the State Fair of Texas where she helped create the Women s Building Allie Victoria Tennant and the Visual Arts in Dallas sheds new light on an often overlooked artist *Tracking the Texas Ranger Historians* Bruce A. Glasrud, Harold J. Weiss Jr, 2024-10-15 The first systematic inquiry into the Texas Rangers did not begin until 1935 with Walter Prescott Webb s publication *The Texas Rangers* Since then numerous works have appeared on the Rangers but no volume has been published before that covers the various historians of the Rangers and their approaches to the topic Editors Bruce A Glasrud and Harold J Weiss Jr gather essays that profile individual historians of the Texas Rangers explore themes and issues in Ranger history and comprise archival research biographies and autobiographies Several approaches in Texas historiography have influenced the writings on the Texas Rangers and serve to organize the chapters in the volume Traditionalists Chuck Parsons Stephen L Moore and Bob Alexander stress the revered happenings in the nineteenth century that brought about the Lone Star state and its empire building Ranger force To these historical writers the Texas Rangers were part of a golden age Revisionists Robert M Utley Louis R Sadler and Charles H Harris pull back from this adulation emphasize the importance of overlooked ethnic and racial groups and point out misbehavior on the part of Rangers They also want to separate fact from fiction Some Ranger historians Frederick Wilkins and Mike Cox straddle both traditional and revisionist approaches in their

works The final group Cultural Constructionalists Gary Clayton Anderson Am rico Paredes and Monica Mu oz Martinez continue the work of Revisionists and focus on an interconnected past that includes theoretical approaches and the study of memory and regional identities Several themes emerge throughout the book One is how the Rangers changed from unorganized mounted militia dragoons in the modern sense to organized cavalry forces with six shooter firepower who served as a military arm of the state and nation A second is how the dichotomous views of the Rangers as either patriot warriors or bloody avengers left their imprint on Anglo and Hispanic society This divergent examination especially derived from incidents in the US Mexican War the period from 1910 to 1920 and the lower Rio Grande valley in the 1960s And yet another theme is how the Rangers first resisted and fought against yet ultimately absorbed all creeds and colors into their ranks over two hundred years as they evolved into police officers Anglo Black Hispanic Indian and women Rangers

When somebody should go to the ebook stores, search start by shop, shelf by shelf, it is in point of fact problematic. This is why we allow the ebook compilations in this website.
