Breaking Through Power Its Easier Than We Think City Lights Open Media:

Breaking Through Power Ralph Nader, 2016-09-12 Nader's assessment of how concentrated wealth and power undermine democracy is clear and compelling but it's his substantive vision of how we ought to respond that makes Breaking Through Power essential reading. Written just before Donald Trump's Electoral College victory, Nader's latest book reads with even greater urgency now. Yes Magazine In Breaking Through Power Ralph Nader draws from a lifetime waging and often winning David vs Goliath battles against big corporations and the United States government. In this succinct Tom Paine style wake up call the iconic consumer advocate highlights the success stories of fellow Americans who organize change and work together to derail the many ways in which wealth manipulates politics, labor, media, the environment and the quality of national life. Today Nader makes an inspired case about how the nation can and must be democratically managed by communities guided by the United States Constitution, not by the dictates of big businesses and the wealthy few. This is classic Ralph Nader, a crystallization of the core political beliefs and commitments that have driven his lifetime of advocacy for greater democracy. Ralph Nader is the grand progressive of our time. We overlook his words at our own peril. This book is required reading. Cornel West Ralph Nader's Breaking Through Power is a brilliant analysis of corporate power and the popular mechanisms that can be used to wrest back our democracy. No one has been fighting corporate domination longer or understands it better than Nader, who will go down in history not only as a prophet but an example of what it means to live the moral life. We disregard his wisdom and his courage at our peril. Chris Hedges Pulitzer Prize winner and author of Wages of Rebellion: The Moral Imperative of Revolt. Nader goes beyond delineating the problem and provides a critical prescription to battle the toxicity of unjust power, one that every individual can and must embrace. Nomi Prins, author All the Presidents' Bankers. People are recognizing that our founding fundamental values of fairness, justice, and opportunity for all the very values that define our America are being shoved aside to create an un-America of plutocracy and autocracy. Ralph Nader's new book Breaking Through Power provides progressive boat rockers with inspiration and a plan for reclaiming America from the greedy Plutocrats and Fat Cats who think democracy is for sale to the highest bidder. Jim Hightower I read Ralph Nader for the same reasons that I read Tom Paine. He knows what he thinks, says what he means, and his courage is a lesson for us all. Lewis Lapham Nader insists on speaking up for the little people and backs his arguments and decent sentiments with hard facts. Publishers Weekly This book is short, easy to read, and deserves more than five stars. Nader speaks for the average American and backs up his arguments with facts. This is extremely highly recommended. Paul Lappen Midwest Book Review About Ralph Nader Named by The Atlantic as one of the hundred most influential figures in American history and by Time and Life magazines as one of the most influential Americans of the twentieth century, Ralph Nader has helped us drive safer cars, eat healthier food, breathe better air, drink cleaner water, and work in safer environments for more than four decades. Nader's recent books include Animal Envy, Unstoppable, The Good Fight, and the bestseller Seventeen Traditions. Nader writes a

disparities in wealth and power combined with the dramatic changes we are causing in this planet's ecosystems mean either we come together around our common humanity or forfeit the right to call ourselves fully human Robert Jensen author of *The End of Patriarchy* Plain Radical and *Arguing for Our Lives* **Rejuvenating Medical Education** Alan Bleakley, Robert Marshall, 2017-08-21 Returning to Homer's *Iliad* and *Odyssey* for inspiration this book uses these epics as a medium through which we might think imaginatively about key issues in contemporary medicine and medical education These issues include doctors as heroes and the legacy of heroic medicine in an age of clinical teamwork collaboration and a more feminine medicine The authors challenge ingrained habits in medical education such as the way we characteristically train medical students to communicate with patients and colleagues the reduction of compassion to the skill of empathy the rote recital of the medical history as a song and the new vogue for resilience as response to increasing levels of stress and burnout in the profession A Homeric lens also shows new ways of thinking about translation of medical lingo into patients understanding the relatively high levels of anger and error shown in clinical interactions and modern phenomena such as whistleblowing in the face of unacceptable error or misbehaviour While exhaustion and burnout are becoming more common in medicine the authors ask if a more lyrical rather than epic and tragic stance might benefit medical work Drawing on a wealth of experience in the field the book promotes a new kind of medicine and medical education fit for the 21st century but envisages these through the ancient lens of Homer's two epics In the heroic glory elaborated in the *Iliad* and the themes of homecoming and hospitality set out in the *Odyssey* Homer provides a narrative arc that is a blueprint of modern medicine's development from a heroic endeavour to a contemporary collaborative provision of hospitality where the hospital remains true to its name and doctors engage in work of care rather than fighting disease with the hospital as battleground

Covid-19 and Insurance María Luisa Muñoz Paredes, Anna Tarasiuk, 2023-01-10 This book offers a novel study on the impact of the Covid 19 pandemic on insurance from an international and comparative perspective It assesses how insurance has to adapt to a new landscape the effects of which will last over time and cut across all areas of the field To avoid physical contact digitalisation has accelerated dramatically affecting insurance in all its phases risk selection underwriting pricing and claims settlement However the effects of the Covid 19 pandemic go far beyond that The extent to which a claim caused directly or indirectly by the virus is or is not covered by a given policy has been the subject of debate in many insurance branches The most litigated cases worldwide are those that concern damages resulting from business interruption due to restrictions enforced by the authorities in virtually every country This book analyses the rulings for and against the insured that have already been handed down by courts in various jurisdictions for example in the US Latin America Spain and Germany in order to provide guidance to the parties in future lawsuits and also to guide the courts own responses This analysis extends to the measures that governments have taken in relation to insurance during the pandemic as well as the changes that insurers have introduced in their general conditions to exclude coverage for the pandemic This response is

unsatisfactory as the big question is how pandemic related risks can be covered if private insurers simply refuse to do so. Solutions based on risk sharing with public entities or the use of contractual modalities such as parametric insurance are among those outlined by the authors. The book was written by experts from academia and lawyers specialising in this field and written for all those interested in the field of insurance: lawyers, judges, academics and legal professionals. *Direito do Seguro Contemporâneo: edição comemorativa dos 20 anos do IBDS* Ernesto Tzirulnik, Ana Maria Blanco, Carolina Cavalcanti, Vítor Boaventura Xavier, 2021-10-15. A Editora Contracorrente em parceria com a Editora Roncarati tem a honra de publicar a coletânea *Direito do Seguro Contemporâneo* edição comemorativa dos 20 anos do IBDS organizada pelos ilustres advogados Ernesto Tzirulnik, Ana Maria Blanco, Carolina Cavalcanti, Vítor Boaventura Xavier. Há vinte anos um grupo de advogados e técnicos de seguro criava o IBDS Instituto Brasileiro de Direito do Seguro Pensando na necessidade de tirar o Direito do Seguro do setor segurador e levá-lo para o mundo criar uma oficina para o desenvolvimento de uma doutrina crítica na qual surgissem verdadeiros estudiosos dedicados ao exame aprofundado da matéria. O IBDS surgiu de forma bem sucedida. Nesses dois densos tomos mais de cinquenta especialistas brasileiros e estrangeiros versam sobre os frutos dessa empreitada de sucesso e saber. Nas palavras de Ernesto Tzirulnik e Paulo Luiz de Toledo Piza: Nestes tempos conturbados segue o IBDS mobilizado na luta pela emancipação do Direito do Seguro Brasileiro e contra os abusos e vícios que vêm cada dia mais caracterizando a atividade da Administração Pública. Por último as desorganizadoras propostas normativas que ameaçam colocar por terra a consensualidade e a natureza de contrato de adesão dos seguros de danos característicos imanentes a todo e qualquer contrato de seguro. Além de um vasto material doutrinário os organizadores nos agradam com uma galeria de fotos que ilustram a história desses 20 anos de IBDS.
