Wright, 2025-10-21 Tackle Key Questions from the Past Two Decades in this Fully Updated Edition. Engage with the latest scholarship on the biblical theology of mission and missional hermeneutics with Christopher J. H. Wright's classic text now fully revised and updated. Most Christians would agree that the Bible provides a basis for mission. But Christopher Wright boldly maintains that there is a missional basis for the Bible itself. The entire Bible is generated by and is all about God's mission. In order to understand the Scriptures we need a missional hermeneutic, an interpretive perspective in sync with the beating heart of its great mission. Wright gives us a new hermeneutical perspective on Scripture through an understanding of Who God is, What he has called his people to be and do, How the nations fit into God's mission. In this revised edition of *The Mission of God*, Wright extends his classic discussion to consider the ways that the conversation on missional hermeneutics has developed since its original publication. With fully updated citations and additional chapters focused on gospel-centered holistic mission and on the issue of election and supersessionism, this new edition addresses the questions, criticisms, and insights that have emerged during the intervening two decades. God's mission is to reclaim the world, and God's people have a designated role to play. Whether you're a pastor, scholar, or student, *The Mission of God* will benefit your understanding of how the Bible shapes the story and purpose of God's people. Acts Tyndale House Publishers, 1999-06-26. The popular Life

Brevard, 2025-08-07 Jewish identity during the Second Temple period (515 BCE–70 CE) was complex, multifaceted, and variable, but many studies of this period treat Jewish attitudes toward one key feature, the Jerusalem temple, as simple and uniform. Brevard aims to complicate this notion by examining early Christian traditions of Jesus's relationship with the temple. Early Christian memory constructed, transformed, and transmitted traditions about the past into their present contexts. Examining early Christian memory as represented by canonical and noncanonical gospel traditions in the first three centuries CE allows

scholars to ask how certain figures institutions or beliefs were remembered and represented as well as to posit theories as to why memories were constructed in particular ways and how these memories related to their contemporary historical and social frameworks Early Christians remembered Jesus as having a complex relationship with the Jerusalem temple and these early Christian traditions of Jesus impacted their own contemporary worldviews This complicated relationship with the temple however was not a new phenomenon but one that was already familiar to those constructing experiencing remembering and transmitting their Jewish identity throughout the diaspora world in the Second Temple period
