1. What are the 7 characteristics of civilization? Include an example of each.

The seven characteristics of a civilization start with a food surplus. With plenty of food people may begin specialization in different crafts like scribes and farmers. This will cause a classes system from peasants to kings. This will bring out government. People form government to provide for their common needs. Governments start public works, roads and bridges and writing such as English and Greek. This leads to religion such as Islam and Christianity which encourages art works, painting, and sculpture.

2. How do historians and archeologists differ?

Historians and archeologist differ in several ways. One of the most noticeable differences is that an archaeologist tends to discover the artifact while a historian would help in studying them. Both are crucial and require collaboration.

3. What is the difference between Prehistory and History?

The difference in history and prehistory is defined by the invention of writing. Prehistoric was a time before recorded history lasting roughly 2.5 million BCE to 1200. The invention of writing began the transition to history and C.E.

4. What is the difference between the Paleolithic and Neolithic Ages?

There are two main differences in the Paleolithic and Neolithic Ages. The distinguishing feature of the Paleolithic period, is that the people were nomadic hunter gatherers moving frequently in search of resources. In contrast the Neolithic age was marked by the domestication of agriculture and animals allowing them to settle and form civilizations.

5. What are some effects of the Neolithic Revolution?

There were many effects of the Neolithic revolution. A main effect of the Neolithic rev was the transition from nomadic living to settled agricultural community's. People began to build permanent homes which led to the of civilization.

6. Define "bias" in a historical context.

In a historical context bias refers to the presence of someone's interpretation of history. This often happens when people put cultural or social views towards a historical situation.

7. On what continent did humans originate, and how did they travel from there to all of the other continents?.

Humans are believed to have originated on the continent of Africa. Once travel was fully developed, humans began to migrate via boat, often known as island hopping. Another common way humans would have traveled over land bridges, such as the Bering strait.
