Accounting Research Database (RLE Accounting) Bimal Proadhan, Fouad Al Najjar, 2014-11-13 An invaluable tool for the researcher in accounting history this comprehensive database structured in an accessible way analyses over 1 200 articles from four mainstream accounting journals from the UK and USA Each article originally published between 1976 and 1985 was analysed in two ways first into empirical or conceptual categories and second into one of twenty topic areas The journals covered are Journal of Accounting Research The Accounting Review Accounting and Business Research and Journal of Business Finance and Accounting True cost accounting applications for agrifood systems policymakers Food and Agriculture Organization of the United Nations, 2023-11-06 This background paper to The State of Food and Agriculture 2023 introduces true cost accounting TCA as an approach to measure and value the costs and benefits generated by agrifood systems in order to facilitate improved decision making The paper is based on a systematic review of existing TCA approaches and of relevant case studies in agrifood systems Guidance on conducting TCA is provided especially in relation to data collection The paper ends with a discussion on scaling and harmonizing TCA for agrifood systems transformation Based on a systematic literature review the paper describes seven TCA approaches and identifies nine case studies deemed most relevant to policymakers in agrifood systems It then proceeds to describe the different stages and steps needed to undergo a TCA study such as setting the boundaries of their assessment determining the materiality of indicators and estimating data points that are not readily available The latter is particularly important given that a lack of robust data at low cost is potentially the main barrier to applying and scaling up TCA especially in middle and low income countries Because a TCA study requires a substantial amount of data to be collected it is important to start with the data that are available and use this to determine which data points are crucial to answering a given policy question to then focus on refining the available data points and filling in missing data points that are essential to the analysis Another important bottleneck to scaling up TCA is the issue of harmonization which the paper argues is impeded by the number of approaches available As future steps for scaling up TCA harmonization by integrating methodologies and adopting shared principles ideas and requirements is thus recommended *The Routledge Handbook of Embodied Carbon in the Built Environment* Rahman Azari, Alice Moncaster, 2023-12-22 This handbook explores the critically important topic of embodied carbon providing advanced insights that focus on measuring and reducing embodied carbon from across the built environment including buildings urban areas and cities and construction materials and components Split into five distinct sections international experts researchers and professionals present the recent developments in the field of embodied carbon from various perspectives and at different scales of material building and city Following an introduction to the embodied carbon question the chapters in Section 1 then cover the key debates around issues such as the politics of embodied carbon links between embodied carbon and thermal mass and the misuse of carbon offsets Section 2 reviews the embodied carbon policies in a selected number of countries

Sections 3 4 and 5 approach the topic of embodied carbon from urban building and material scale perspectives respectively and use case studies to demonstrate estimation techniques and present opportunities and challenges in embodied carbon mitigation This will be important reading for upper level students and researchers in Architecture Urban Planning Engineering and Construction disciplines Presenting case studies of embodied carbon assessment this book will also help practicing architects engineers and urban planners understand embodied carbon estimation techniques and different mitigation strategies
