Bernie Sanders Documentary:

Bernie or Bust @BernieOrBust, Patrick Walker, 2018-01-30 Bernie or Bust By BernieOrBust with Patrick Walker Author BernieOrBust and Patrick Walker started the Bernie or Bust movement of 2016 This book is an effort to tell the story of how they accomplished this feat and to correct the record of distortion created by the media about the movement The authors include a manifesto for their movement going forward They want readers to understand the need for revolution in the U S and to join the leverage movement Bernie or Bust Pioneers of Electoral Revolt provides a unique look at the initiation and operation of a grassroots political campaign that gives a remarkably nuts and bolts picture which will be of interest to other activists to voters and to all those who want to better comprehend the provocative dynamics of the recent election **The Bitter End** John Sides, Chris Tausanovitch, Lynn Vavreck, 2023-09-19 What an intensely divisive election portends for American politics The year 2020 was a tumultuous time in American politics It brought a global pandemic protests for racial justice and a razor thin presidential election outcome It culminated in an attack on the U S Capitol that attempted to deny Joe Biden s victory The Bitter End explores the long term trends and short term shocks that shaped this dramatic year and what these changes could mean for the future John Sides Chris Tausanovitch and Lynn Vavreck demonstrate that Trump s presidency intensified the partisan politics of the previous decades and the identity politics of the 2016 election Presidential elections have become calcified with less chance of big swings in either party s favor Republicans remained loyal to Trump and kept the election close despite Trump s many scandals a recession and the pandemic But in a narrowly divided electorate even small changes can have big consequences The pandemic was a case in point when Trump pushed to reopen the country even as infections mounted support for Biden increased The authors explain that paradoxically even as Biden s win came at a time of heightened party loyalty there remained room for shifts that shaped the election s outcome Ultimately the events of 2020 showed that instead of the country coming together to face national challenges the pandemic George Floyd s murder and the Capitol riot these challenges only reinforced divisions Expertly chronicling the tensions of an election that came to an explosive finish The Bitter End presents a detailed account of a year of crises and the dangerous direction in which the country is headed **The Deadline** Jill Lepore, 2023-08-29 Jill Lepore is unquestionably one of America s best historians it s fair to say she s one of its best writers too Jonathan Russell Clark Los Angeles Times Best Books of 2023 New Yorker TIME A book to be read and kept for posterity The Deadline is the art of the essay at its best Few if any historians have brought such insight wisdom and empathy to public discourse as Jill Lepore Arriving at The New Yorker in 2005 Lepore with her panoptical range and razor sharp style brought a transporting freshness and a literary vivacity to everything from profiles of long dead writers to urgent constitutional analysis to an unsparing scrutiny of the woeful affairs of the nation itself The astonishing essays collected in The Deadline offer a prismatic portrait of Americans techno utopianism frantic fractiousness and unprecedented but armed aimlessness From lockdowns and race commissions to Bratz dolls and bicycles to the losses that

haunt Lepore's life these essays again and again cross what she calls the deadline the river of time that divides the quick from the dead Echoing Gore Vidal's United States in its massive intellectual erudition *The Deadline* with its remarkable juxtaposition of the political and the personal challenges the very nature of the essay and of history itself [International Documentary](#), 2004 [Generation Occupy](#) Michael Levitin, 2023-09-19 The fight for a 15 minimum wage Nationwide teacher strikes Bernie Sanders's political revolution and the rise of AOC Black Lives Matter MeToo Read how the Occupy movement helped reshape American politics culture and the groundbreaking movements to follow Fluidly written Levitin's enthusiasm is infectious It is no exaggeration to say that Occupy Wall Street and its offshoots changed a good deal more of the landscape than Zuccotti Park's three quarters of an acre in New York's financial district Tod Gitlin *The New York Times Book Review* On the ten year anniversary of the Occupy movement *Generation Occupy* sets the historical record straight about the movement's lasting impacts Far from a passing phenomenon Occupy Wall Street marked a new era of social and political transformation reigniting the labor movement remaking the Democratic Party and reviving a culture of protest that has put the fight for social economic environmental and racial justice at the forefront of a generation The movement changed the way Americans see themselves and their role in the economy through the language of the 99 versus the 1 percent But beyond that in its demands for fairness and equality Occupy reinvigorated grassroots activism inaugurating a decade of youth led resistance movements that have altered the social fabric from Black Lives Matter and Standing Rock to March for Our Lives the Global Climate Strikes and MeToo Bookended by the 2008 financial crisis and the coronavirus pandemic *Generation Occupy* attempts to help us understand how we got to where we are today and how to draw on lessons from Occupy in the future **A Diary of the Plague Year** Elise Engler, 2025-08-22 An extraordinary illustrated chronicle of 2020 that captures this indelible year in America in all its tragic surreal epic and sometimes comedic intensity Artist Elise Engler set herself a task five years ago to illustrate the first headline she heard on her bedside radio every morning The idea was to create a pictorial record of one year of listening to the news But when Donald Trump was elected the headlines turned too wild for her to stop the experiment Then 2020 happened Was there ever such a year Headlines about the death of Kobe Bryant and Donald Trump's impeachment began to give way to news of a mysterious virus in China and Engler's pages were quickly filled with the march of COVID 19 schools closing their doors hospitals overflowing graveyards full to capacity Day by day Engler drew every shocking turn of the year the police murder of George Floyd and protests around the globe a war against science and those who preached it fires consuming California a vicious election absurdly contested Other stories appeared too Harvey Weinstein Sentenced Ruth Bader Ginsburg Hospitalized China Extends Control over Hong Kong and on repeat Stock Market Plunges The result is a powerful visual record of an unprecedented time collected in *A Diary of the Plague Year* which follows the headlines from the first appearance of the coronavirus to the inauguration of President Joe Biden Made in real time Engler's vibrant immediate images recapture what it was like to live through 2020 bringing texture feeling and
