Bernie Sanders Record On Gun Control:

First They Came for the Gun Owners Mark W. Smith, 2019-10-29 Bestselling author and attorney Mark W Smith exposes the all encompassing nature of the anti gun lobby s attack on the right to keep and bear arms and how it serves as a proxy to empower government to control other important aspects of our lives Smith notes that it s no accident that the people who oppose the Second Amendment also argue for bigger government in other areas as well as favoring sharp limits on free speech and property rights Taken together it is an all encompassing attack on individual liberties by those who consider themselves intellectually and morally superior to average Americans Smith makes a compelling and urgent case that protecting and preserving our right to bear arms is an imperative for all who value freedom whether you own a gun or not

What We've Become Jonathan M. Metzl, 2024-01-30 A Kirkus Reviews Best Book of 2024 A searing reflection on the broken promise of safety in America When a naked mentally ill white man with an AR 15 killed four young adults of color at a Waffle House Nashville based physician and gun policy scholar Dr Jonathan M Metzl once again advocated for commonsense gun reform But as he peeled back evidence surrounding the racially charged mass shooting a shocking question emerged Did the public health approach he had championed for years have it all wrong Long at the forefront of a movement advocating for gun reform as a matter of public health Metzl has been on constant media call in the aftermath of fatal shootings But the 2018 Nashville killings led him on a path toward recognizing the limitations of biomedical frameworks for fully diagnosing or treating the impassioned complexities of American gun politics As he came to understand it public health is a harder sell in a nation that fundamentally disagrees about what it means to be safe healthy or free In *What We ve Become* Metzl reckons both with the long history of distrust of public health and the larger forces social ideological historical racial and political that allow mass shootings to occur on a near daily basis in America Looking closely at the cycle in which mass shootings lead to shock horror calls for action and ultimately political gridlock he explores what happens to the soul of a nation and the meanings of safety and community when we normalize violence as an acceptable trade off for freedom Mass shootings and our inability to stop them have become more than horrific crimes they are an American national autobiography This brilliant piercing analysis points to mass shootings as a symptom of our most unresolved national conflicts *What We ve Become* ultimately sets us on the path of alliance forging racial reckoning and political power brokering we must take to put things right

A Supreme Court Unlike Any Other Kevin J. McMahon, 2024-04-12 Today's Supreme Court is unlike any other in American history This is not just because of its jurisprudence It is because today's Court is uniquely distanced from the democratic processes that buttress its legitimacy For example five of the nine justices took their seats after winning confirmation with the support of senators who won far fewer votes than their colleagues in opposition and three of these five justices were also nominated by a president who lost the popular vote In **A Supreme Court Unlike Any Other** Kevin J McMahon explains the broad historical developments that have brought us here Drawing on historical and contemporary data and deep knowledge of Court battles during presidencies ranging from Franklin D Roosevelt to Ronald Reagan to Donald Trump he offers new insight into the shifting politics of nominating and confirming justices the changing pool of nominees considered for the Supreme Court and the increased salience of the Court in presidential and congressional elections **A Supreme Court Unlike Any Other** is an eye opening account of today's Court within the context of US history and the broader structure of contemporary politics

Enough Already! A Socialist Feminist Response to the Re-emergence of Right Wing Populism and Fascism in Media Faith Agostinone-Wilson, 2020-01-20 This text explores the re assertion of right wing populist and fascist ideologies as presented and distributed in the media In particular attacks on immigrants women minorities and LGBTQI people are increasing inspired by the election of politicians who openly support authoritarian discourse and scapegoating More troubling is how this discourse is inscribed into laws and policies Despite the urgency of the situation the Left has been unable to effectively respond to these events from liberals insisting on hands off free speech policies including covering both sides of the issue to socialists who utilize a tunnel vision focus on economic issues at the expense of women and minorities In order to effectively resist right wing movements of this magnitude a socialist Marxist feminist analysis is necessary for understanding how racism sexism and homophobia are conduits for capitalism not just identity issues Topics addressed in this text include an overview of dialectical materialist feminism and its relevance and a review of characteristics of authoritarian populism and fascism Additionally the insistence on a colorblind conceptualization of the working class is critiqued with its detrimental effects on moving resistance and activism forward This was a key weakness with the Bernie Sanders campaign which is discussed Online environments and their alt right discourse function are used as an example of the ineffectiveness of e libertarianism which has prioritized hands off administration allowing right wing discourse to overcome many online spaces Other topics include the emergence of the fetal personhood construct in response to abortion

rights and the rejection of science and expertise

Truth in Advertising? Barbara Allen, Daniel Stevens, 2018-10-18 This book represents the first systematic effort to examine 1 the factual accuracy of the claims made in an entire political advertising campaign 2 the visuals and sound cues used in that advertising and their relationship with the tone and accuracy of ads and 3 the impact of the accuracy of claims on what people know and how they vote in a real campaign The research is based on several years of labor intensive coding of the factual accuracy of every claim made in the presidential ads in the 2008 election as well as the ads for the races for the US Congress in Minnesota We show how the accuracy of political ad claims the visuals and sound of ads and ad tone particularly negativity are related to voting behavior We argue that understanding how the accuracy of political ad claims affects voters is now more important than ever This research has steered clear of the normative question of what such putative gains in knowledge represent however Does the content of negative advertising enhance voter capacities such as the ability to locate candidates issue positions accurately or state reasons to like or dislike candidates based on accurate information about the candidates traits or issue stands Does the accuracy of the information in political advertising matter to voting behavior or vote choice whether turnout goes up or down Would voting more while knowing less that is true be sufficient in a democracy In studying the effects of advertising tone

such questions about advertising tone have not been asked Our book redresses this lacuna We show that negative advertising is more likely to make inaccurate claims We show that ads making inaccurate claims also use a larger number of visual and sound distortions perhaps tying up more cognitive capacities while pressing their untruthful arguments We show links between inaccurate advertising and aggregate turnout individual turnout and individual political knowledge The news is not good in an age of post factual democracies **Political Power: Election 2016: Clinton, Bush, Trump, Sanders, & Paul**

Michael Frizell, 2016-02-17 The 2016 election cycle is fast becoming one of the most interesting and most divisive in history Clinton Bush Trump Sanders Paul All strong personalities vying for the attention of the electorate From the wild statements loudly announced by Trump to the frustrated utterings of Jeb and the defiant proclamations from Sanders this volume explores the rise of those who lead the United States **Bernie Sanders, Adolf Hitler, Joseph Stalin, Fidel Castro & Other Socialists** Jon Robins, Ian Tinny, Dead Writers Club, Rex Curry, Bernie Sanders BS self identifies the same way that Adolf Hitler self identified SOCIALIST In voluminous speeches and writings Hitler glorified the identical word touted by BS as his political philosophy Hitler s swastika was S letter shaped symbolism for his socialism BS proudly classifies himself in the same fashion as Hitler and the world s other genocidal psychopaths Bernie Sanders was endorsed by Alexandria Ocasio Cortez AOC in the 2020 presidential election and AOC actively campaigns for BS Why does AOC support such an old white male She promotes him because they share the same extremist dogma How did they both become socialists AOC was heavily influenced by BS The USA s two worst national socialists were both born and raised in New York City AOC grew up during BS s years as a career politician She learned a lot about socialism and wanted to get on the dole too BS is the oldest white male who is running for nomination BS is so elderly that he could be AOC s grandfather he is 48 years older than her AOC was born a year after BS s infamous honeymoon 1988 in the USSR just as Soviet socialism self destructed Sanders was born in 1941 shortly after Soviet socialism s partnership with German socialism Soviet socialism under Stalin and German socialism under Hitler had joined to launch WWII destroying Poland together and going onward from there in a pact to enslave Europe After German socialism was defeated Soviet socialism continued as Sanders grew up to ruin millions of lives and increase its record setting mass murders As a child Sanders had learned about socialism from his parents and other relatives They attended government schools socialist schools in the USA where students were forced to perform the Nazi salute and chant robotically to the flag each morning at the ring of a bell The Pledge of Allegiance to the USA s Flag was the origin of the infamous stiff armed salute and other propagandistic behavior that was borrowed decades later under German socialism and under other socialists worldwide The pledge was written by an American socialist Francis Bellamy in order to spread socialism Anyone who refused the ritual in the socialist schools was persecuted At that time the socialist schools taught racism as official policy and imposed segregation by law Sanders also learned socialism from government schools that he attended and he chanted in unison each morning to the flag too although the gesture had changed to hide socialism s

putrid history During Sanders youth the socialist schools continued to teach racism as official policy and continued to impose segregation by law America s Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don t want to know the truth about the government s past American youth groups Scouting adopted Bellamy s American Nazi salute with Bellamy s encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another shocking revelation swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are photos in this book
