Bernie Sanders Voting Record:

The Essential Bernie Sanders and His Vision for America Jonathan Tasini, 2015-09-08 In this short accessible book author Jonathan Tasini draws heavily from Sanders ample public record of speeches statements and interviews and couples his working class spirit with specific legislation he has championed on a number of core proposals that comprise a broader people s agenda for America Publisher s description [Why Bernie Sanders Matters](#) Harry Jaffe, 2015-12-22 Missionary Radical Hippy Revolutionary Red Mayor Pragmatist Socialist Hot from the campaign trail this vivid new biography goes inside Bernie Sanders s contradictions his unusual life and his electrifying quest to make the American dream a reality for all He may be the least political person in politics but he doubtless is the rising star of the Democratic party With reporting from inside the campaign and Sanders inner circle as well as meticulous research reporter Harry Jaffe offers an engaging portrait of this outsider candidate [Healing Politics](#) Abdul El-Sayed, 2020-03-31 A memoir about restoring the health of our people and our democracy from a physician and one of the brightest young stars of the progressive movement Sen Bernie Sanders A child of immigrants Abdul El Sayed grew up feeling a responsibility to help others He threw himself into the study of medicine and excelled winning a Rhodes Scholarship earning two advanced degrees and landing a tenure track position at Columbia University At thirty he became the youngest city health official in America tasked with rebuilding Detroit s health department after years of austerity policies But El Sayed found himself disillusioned He could heal the sick even build healthier safer communities but that wouldn t address the social and economic conditions causing illness in the first place So he left health for politics running for Governor of Michigan and earning the support of progressive champions like Congresswoman Alexandria Ocasio Cortez and Senator Bernie Sanders This memoir traces the life of a young idealist weaving together powerful personal stories and fascinating forays into history and science Marrying his unique perspective with the science of epidemiology El Sayed diagnoses an underlying epidemic afflicting our country an epidemic of insecurity And to heal the rifts this epidemic has created he lays out a new direction for the progressive movement This is a bold personal and compellingly original book from a prominent young leader In *Healing Politics* Abdul El Sayed doesn t just diagnose the causes of our broken politics he gives us a prescription and treatment plan Representative Pramila Jayapal

Broken Record Michael S. Lynch, Anthony J. Madonna, Michael Steven Lynch, Anthony Joseph Madonna, 2025-09-09 Since the 1920s the roll call voting record has influenced American politics Using recorded votes candidates attack electoral opponents interest groups attempt to drum up financial or electoral support for their preferred candidates scholars test theories of legislative behavior and the media characterizes the ideological leanings of Congress Despite this there has not been a systematic attempt to document the changing usage of the roll call record Michael S Lynch and Anthony J Madonna have undertaken a massive multiyear data collection effort that culminated in four new datasets covering from 1905 to the contemporary period Using data on approximately 120 000 amendments 60 000 roll call votes 2 000 important enactments

and 8 000 special rules from 1905 to 2015 the authors demonstrate how the roll call recording system has evolved Consistent with the Founders skepticism of the impact of recorded voting in Congress Broken Record shows that the contemporary roll call voting record includes far more meaningless position taking and procedural roll call votes than it did during earlier congresses The book argues that the removal of practical barriers to roll calls internal changes to legislative procedures and increased electoral competitiveness have led to more roll call votes on proposals sponsored by more extreme members In addition to policy making being more difficult increased roll call voting has played a substantial role in artificially increasing observed levels of polarization This book argues that solving polarization requires a more nuanced set of solutions than simply replacing legislators it will require increased public education about how Congress operates and specific procedural reforms

POWER POSITIVE Moments That Document Nicely Why You Must Invest Your Vote In Bernie Sanders (Trump, Carson, Fiorina and Paul) Dale Benjamin Drakeford,2016-02-14 A two part discussion for responsible citizenship voter accountability power positive leaders and participation in the aspiring Republic in dire need of a Third Party and independent leadership

A Supreme Court Unlike Any Other Kevin J. McMahon,2024-04-12 Today s Supreme Court is unlike any other in American history This is not just because of its jurisprudence It is because today s Court is uniquely distanced from the democratic processes that buttress its legitimacy For example five of the nine justices took their seats after winning confirmation with the support of senators who won far fewer votes than their colleagues in opposition and three of these five justices were also nominated by a president who lost the popular vote In A Supreme Court Unlike Any Other Kevin J McMahon explains the broad historical developments that have brought us here Drawing on historical and contemporary data and deep knowledge of Court battles during presidencies ranging from Franklin D Roosevelt to Ronald Reagan to Donald Trump he offers new insight into the shifting politics of nominating and confirming justices the changing pool of nominees considered for the Supreme Court and the increased salience of the Court in presidential and congressional elections A Supreme Court Unlike Any Other is an eye opening account of today s Court within the context of US history and the broader structure of contemporary politics

The Trump Economic Miracle Arthur B. Laffer Ph.D.,Stephen Moore,2024-10-02 In late August 2023 President Donald Trump contacted us to meet with him It was d j vu for the two of us as it reminded us of our first meeting with Trump back in early 2016 the first time he ran for the White House Trump was proclaiming that we could get to 5 percent growth with the right set of pro business policy ideas We were ecstatic that finally someone was frontally assaulting the tyranny of low expectations that sold America short When we met with Trump at his office in Bedminster New Jersey it was like we were starting right where we left off He wanted us to help him again in 2020 with the rebuilding job ahead Will you help me write a tax plan that is even bigger than Reagan s he asked We looked at each other grinned and said We re in As we left that meeting Steve mentioned on the way out that we knew he could make the American economy great again because he already had done it once No actually Steve he replied I did it twice I did it after

Obama And I did it after Covid Blacklash Deneen Borelli,2013-03-26 Argues that the Obama administration s policies are jeopardizing the black community and the nation at large contending that progressive programs are actually promoting poverty at the expense of both the working and privileged classes Are We Screwed? Geoff Dembicki,2017-01-01 A declaration of independence and a call for systemic change from the generation that will be most impacted by climate change If anyone doubted the potential political power of the Millennial generation Bernie Sanders campaign put it in the spotlight Are We Screwed makes clear that the ardor for change defines this generation especially when it comes to climate change and they are willing to consider options that their elders might think naive and impractical rejecting a capitalism that cares only about profit and a political system riven by false ideology In telling the stories of his contemporaries around the globe in describing how they think and the many ways they are already effecting change Geoff Dembicki documents a historic shift in values and a corresponding re thinking of how social change can happen As of this year the millennial generation 18 to 34 year olds will become North America s largest demographic It is also the generation that has lived with the looming reality of global warming and will be most affected by its impacts In vividly reported dispatches from Beijing to Paris from San Francisco to New York Dembicki examines what millennial responses to climate change look like and how they are shaping our future He also provides an essential perspective on how climate change is intensifying generational tensions and shifts in society In the process a portrait of a generation emerges that goes a long way toward re branding it in ways that are positive and full of hope for the future *The Woodward Trilogy* Bob Woodward,Robert Costa,2021-09-21 Discover the inside story of life inside President Trump s White House as only 1 internationally bestselling author Bob Woodward can tell it with this collection of Woodward s most revealing and unprecedented works including Fear Rage and Peril With authoritative reporting internationally bestselling author Bob Woodward offers an exposing and riveting account of President Trump s term in office from the beginning to the final transfer of power to President Biden s administration In vivid detail Woodward paints the most intimate portrait of a sitting president ever published in this complete trilogy following the Trump presidency This collection includes Fear An explosive The Washington Post and devastating The New Yorker look at the harrowing life inside President Donald Trump s White House and precisely how he makes decisions on major foreign and domestic policies Fear is the inside story on President Trump as only Bob Woodward can tell it drawing from hundreds of hours of interviews with firsthand sources meeting notes personal diaries files and documents Rage An unprecedented and intimate tour de force of reporting on the Trump presidency facing a global pandemic economic disaster and racial unrest In dramatic detail Woodward has uncovered the precise moment the president was warned that the Covid 19 epidemic would be the biggest national security threat to his presidency Peril The book covers the end of the Trump presidency and the early months of the Biden presidency
