

Bernie Sanders Hillary Clinton Tumblr

Dale Beran

Bernie Sanders Hillary Clinton Tumblr:

Cyberwar Kathleen Hall Jamieson, 2020 In *Cyberwar* Kathleen Hall Jamieson tackles the issue of Russian meddling in US elections She marshals the troll posts unique polling data analyses of how the press used the hacked content and a synthesis of half a century of media effects research to argue that it is probable that the Russians helped elect Donald Trump After detailing the ways in which the Russian efforts were abetted by the press social media platforms the candidates party leaders and a polarized public *Cyberwar* closes with a warning the country is ill prepared to prevent a sequel In this updated paperback edition Jamieson covers the many new developments that have come to light since the original publication

Populism in Global Perspective Pierre Ostiguy, Francisco Panizza, Benjamin Moffitt, 2020-12-29 Pathbreaking theoretically and innovative in treatment *Populism in Global Perspective* is a seminal addition to the literature on arguably the most controversial and fervently discussed topic in political science today The book brings together established and rising stars in the field of populism studies in an integrated set of theoretical and empirical studies centered on a discursive performative notion of populism Contributors argue that populist identification is relational and sociocultural and demonstrate the importance of studying populism phenomenologically together with anti populism The truly global series of case studies of populism in the US Western and Southern Europe Latin America South Africa the Philippines and Turkey achieves a deliberate balance of left and right instances of populism including within regions and of populism in government and opposition Written in a style approachable to students and specialists alike the volume provides a substantial foundation for current knowledge on the topic *Populism in Global Perspective* is a must read for comparativists political theorists sociologists area studies specialists and all educated readers interested in populism worldwide

Political Campaign Communication Robert E. Denton Jr., Ben Voth, Judith S. Trent, Robert V. Friedenberg, 2023-11-20 The tenth edition of *Political Campaign Communication Principles and Practices* provides a clear and thorough survey of the strategic decisions vital to the success of contemporary political campaigns The authors draw on a host of examples involving political campaigns at local statewide and national levels to illustrate all aspects of campaign communication from forms of public address to buttons yard signs and billboards to traditional media and the use of internet and social media platforms Throughout the volume they draw on communication theories to clearly explain contemporary political campaign practices Updated to reflect the most recent practices and events from the 2020 presidential campaign the book also considers journalistic practices and ethical considerations of today Features of the tenth edition Includes examples and data from the 2020 election cycle Updated and expanded discussion of social media platforms and practices Increased art and graphics program to engage students and increase information retention Expanded discussion of the history practice and state of journalism today New chapter on local elections and offices

[The Perils of "Privilege"](#) Phoebe Maltz Bovy, 2017-03-14 Top 50 Notable Works of Nonfiction in 2017 The Washington Post Privilege the word the idea the accusation that is nearly

impossible to disprove is the new rhetorical power play From social media to academia public speech to casual conversation the word is utilized to brand people of all kinds with a term once reserved exclusively for those who came from wealth and old money inherited advantage Today privileged applies to anyone who enjoys an unearned advantage in life inherited or not White privilege male privilege straight privilege those conditions make everyday life easier less stressful more lucrative and generally better for those who hold one two or all three designations But what about white female privilege in the context of feminism Or fixed gender privilege in the context of transgender Or weight and height privilege in the context of hiring practices and salary levels Or food privilege in the context of widening inequality for single parent families In *The Perils of Privilege* Phoebe Maltz Bovy examines the rise of this word into extraordinary potency Does calling out privilege help to change or soften it Or simply reinforce it by dividing people against themselves And is privilege a concept that in fact only privileged people are debating *The Perils of Privilege* explores how this word is deployed and offers ways to begin anew so many of the conversations it has silenced

The Words and Music of Taylor Swift James E. Perone, 2017-07-14 This scholarly analysis of the music of Taylor Swift identifies how and why she is one of the early 21st century's most recognizable and most popular stars By the age of 13 singer songwriter Taylor Swift had already inked a development deal with a major record label This early milestone was an appropriate predictor of what accomplishments were to come Now a superstar artist with an international fanbase of millions and several critically acclaimed and commercially successful albums Swift has established herself as one of the most important musicians of the 21st century This accessible book serves Taylor Swift fans as well as students of contemporary popular music and popular culture critically examining all of this young artist's work to date The book's organization is primarily chronological covering Taylor Swift's album and single releases in order of release date while also documenting the elements of her music and personality that have made her popular with fans of country music and pop music across a surprisingly diverse age range of listeners The chapters address how Swift's songs have been viewed by some fans as anthems of empowerment or messages of encouragement particularly by members of the LGBTQ community those who have been bullied or been seen as outsiders and emerging artists The final chapter places Swift's work and her public persona in the context of her times with respect to her use of and relationship with technology for example her use of social media and songwriting technology and her expressions of a new type of feminism that is unlike the feminism of the 1970s

The Routledge Handbook of Political Campaigning Darren Lilleker, Daniel Jackson, Bente Kalsnes, Claudia Mellado, Filippo Trevisan, Anastasia Veneti, 2024-11-05 *The Routledge Handbook of Political Campaigning* provides an essential global and timely overview of current realities as well as anticipating the trajectory and evolution of campaigning in the coming years Offering a comprehensive analysis the handbook is structured into seven thematic sections including the campaign environment rhetoric and persuasion campaign strategies campaign tactics and platform affordances news and journalism citizens and voters and civil society The chapters within each section reflect on the latest societal

technological and cultural developments and their impact on campaigning on democratic culture within societies and on the roles that campaigns might play in both facilitating and impeding political engagement Key trends and innovations are examined alongside case studies and examples from a range of nations and political contexts Issues around trust and representation are further reflected in a focus on the wider campaigning environment and the rise in importance of grassroots and pressure groups social movements and movements that coalesce within digital environments The Routledge Handbook of Political Campaigning is an essential resource for scholars students and practitioners in political communication media and communication elections and voting behavior digital media journalism social movements strategic communication social media and more broadly to democracy sociology and public policy

Digital (Dis)Information Operations

Melissa-Ellen Dowling, 2025-01-28 This book offers an interdisciplinary insight into the key debates around information warfare in the digital age and argues that transnational cooperation can mitigate the threat States and societies are increasingly vulnerable to cyber enabled information operations From efforts to divide nations undermine public policy manipulate elections and generate social discord malign actors use the online realm to wreak havoc on our offline lives The book explores the digital disinformation dilemma that confronts liberal democracies reflecting on shared socio political challenges and solutions to contemporary information operations amongst the Five Eyes states and beyond The work aims to generate a holistic human centric perspective on the challenges of digital dis information operations through interdisciplinary insight into shared challenges and solutions to contemporary information warfare Together these perspectives enable us to more effectively identify opportunities to address the challenge and increase the potential to enrich international collaborative efforts to safeguard liberal democracies from threats to their information environments This book will be of much interest to students of information warfare intelligence studies foreign policy and International Relations Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Killing African Americans

Noel A. Cazenave, 2018-05-16 Killing African Americans examines the pervasive disproportionate and persistent police and vigilante killings of African Americans in the United States as a racial control mechanism that sustains the racial control system of systemic racism Noel A Cazenave's well researched and conceptualized historical sociological study is one of the first books to focus exclusively on those killings and to treat them as political violence Few issues have received as much conventional and social media attention in the United States over the past few years or have for decades now sparked so many protests and so often strained race relations to a near breaking point Because of both its timely and its enduring relevance Killing African Americans can reach a large audience composed not only of students and scholars but also of Movement for Black Lives activists politicians public policy analysts concerned police officers and other criminal justice professionals and anyone else eager to better understand this American nightmare and its solutions from a progressive and

informed African American perspective *American Nero* Richard Painter, Peter Golenbock, 2020-03-24 Donald Trump is eroding the rule of law We've heard it said many times and we can feel it in our guts But what does rule of law really mean And what happens when it breaks down From Richard Painter a senate candidate and law professor who served as White House chief ethics counsel under President George W Bush and New York Times bestselling author Peter Golenbock *American Nero* is an in depth exploration the rule of law the legal bedrock on which this country was founded Painter and Golenbock present a clear description of rule of law arguably the single most important principle underlying our civilization They also describe the abuses of power that have occurred throughout our nation's history Beginning in Puritan New England with the infamous Salem Witch Trials *American Nero* makes vivid stops at The Red Scare of the 1920s Japanese American internment the McCarthy Era and much more recently President Trump's attempt to violate the First Amendment by banning Muslims from entering the US While Trump is not the first offender he is arguably the most blatant and this unflinchingly honest and insightful work presents in devastating detail the ways in which our current president has trampled the rule of law with his attacks on the freedom of the press the independence of the judiciary and the autonomy of the justice department This is not a book about right vs left instead it is about the rule of law a principle that transcends partisan politics and how vital it is to the survival of our country This book serves as a call to action looking ahead to a brighter future for our country one where citizens and officials alike protect our rights and honor their responsibilities Timely and revealing *American Nero* shares the lessons of history and lays the framework for returning to a society that respects the rule of law an America that is consistent with our Founding Fathers vision of a genuinely free nation *It Came from Something Awful* Dale Beran, 2025-06-25 How 4chan and 8chan fuel white nationalism inspire violence and infect politics The internet has transformed the ways we think and act and by consequence our politics The most impactful recent political movements on the far left and right started with massive online collectives of teenagers Strangely both movements began on the same website an anime imageboard called 4chan.org *It Came from Something Awful* is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect on youth counterculture Dale Beran has observed the anonymous messageboard community's shifting activities and interests since the beginning Sites like 4chan and 8chan are microcosms of the internet itself simultaneously at the vanguard of contemporary culture politics comedy and language and a new low for all of the above They were the original meme machines mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together During the recession of the late 2000's the memes became political 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement But within a few short years the site's ideology spun on its axis it became the birthplace and breeding ground of the alt right In *It Came from Something Awful* Beran uses his insider's knowledge and natural storytelling ability to chronicle 4chan's strange journey from creating rage comics to inciting riots to according to some memeing Donald Trump into the
