New Oxford Review ,2002 **Mirrors of Self** Jonathan P. Badgett,2021-10-14 Orthodox Christology maintains that Jesus Christ is both truly God and truly human As such he is the key to knowing both God and self In a series of applications of christological anthropology *Mirrors of Self* develops this epistemic premise in dialogue with a diversity of Christian and secular historical and modern perspectives Aspects of human personhood including the ever elusive self gain greater clarity and significance in the light of Christ s person and work At the center of individual human subjectivity we encounter a broken sin blinded self in need of renewal and release What healing we find comes to us as Christ s ecological presence works in and through others the mirrors of self whose instrumental agency Christ employs in service to his own redemptive ends
