Old-Time Festival Tunes For Fiddle & Mandolin Dan Levenson, 2015-10-29 This book and two CD set is intended to be a tune repertoire book It includes over 100 Old Time festival favorites Some are cliché others unusual some easy some difficult This mandolin book includes two lines of standard notation basic and advanced as well as a mandolin tab line that can be interpreted for fiddle also the basic version should be playable by those with general skills the advanced version will require more time and finesse as it is more ornamental often more than just melodic and may include less than intuitive ways of playing some passages Download the free mandolin versions of the songs from this book Download the free fiddle versions of songs from this book

Clawhammer Banjo from Scratch Dan Levenson, 2011-01-24 Southern Appalachian native Dan Levenson and Mel Bay Publications present Clawhammer Banjo from Scratch A Guide for the Clawless This book teaches clawhammer banjo the way we play not the way others say It really begins as though you really have NO knowledge of how to play the five string banjo clawhammer style Based on Dan s innovative Meet the Banjo program where Dan brings 15 banjos and teaches players who may have never held a banjo this book assumes no prior experience Beginning at the beginning Dan presents a brief history of the 5 string banjo then goes over the parts of the banjo holding the banjo right and left hand positions and his basic clawhammer strum Even the strum is broken down into the steps of the finger and thumb You are guided through the chords the scale and then the individual notes of each of 12 jam session favorite tunes from scratch Includes 2 reference CD s with all exercises tunes slow and up to speed and a fiddle version of each tune

Steve

Kaufman's Favorite 50 American Traditional Fiddle Tunes Steve Kaufman,2015-11-10 This collection of fiddle tunes originally appeared in Kaufman s Collection of American Fiddle Tunes for Flatpicking Guitar MB 95748 but the book was so large and heavy that they couldn t put all the songs on CDs to include with the package so it was divided into four great melody packed volumes Each book now includes a CD that holds all the songs in the volume Steve Kaufman says he can t emphasize enough the importance of developing a large repertoire of tunes Fiddle tunes give us melodies that eventually allow us to begin to improvise Sometimes without even knowing it the more tunes you know the more melodies and intersecting melody lines you know This allows you to eventually cut and paste portions of the melody line into another song In the beginning you will probably unknowingly replace and ending run These are the last two measures of the section of a tune Many of them in the same key are interchangeable unless they are specific to the melody of the song After a while you will cut out measures in the middle of the song and then you will be able to take the snips of melodies and play them in another song in a different key thus beginning to improvise All of this is possible because you built up your repertoire of tunes
