questions How did we get here And how do we move forward An honest look at the past and how it s been covered up is the only way to find the answers Americans in power have abused and subjugated others since the nation s very beginning and myths of America s unique goodness have both enabled that injustice and buried the truth for generations In American Rule Jared Yates Sexton blends deep research with stunning storytelling digging into each era of growth and change that led us here and laying bare the foundational myths at the heart of the American imagination Stirring unequivocal and impossible to put down American Rule tells the truth about what this nation has always been and challenges us to forge a new path

War on the American Republic Kevin Slack,2023-03-21 Kevin Slack sounds the alarm on how America s failed neoliberal regime has given way to a woke oligarchy that has deployed a radical toolkit to rapidly strip away the rights of citizens Americans often use the words progressive liberal and radical more or less interchangeably without reference to their place in our nation s history Kevin Slack clarifies the distinct aims of the movements they represent and weighs their consequences for the American Republic Each of the three movements rejected older republican principles of governance in favor of an administrative state But there were substantial differences between Teddy Roosevelt s Anglo Protestant progressive social gospelers who battled trusts and curbed immigration Franklin Roosevelt and Lyndon Johnson s secular liberals who initiated government business partnership and a civil rights agenda and the 1960s radicals who protested corporate influence in the Great Society liberal hypocrisy on race and gender and the war in Vietnam Each movement arose in criticism of what came before Following the revolution of the 1960s elites on both left and right turned against the industrial middle class to erect an oligarchy at home and advance globalization abroad Each side claimed to serve the interests of disadvantaged or underrepresented groups Radicals ensconced themselves in bureaucracy and academia to fulfill their vision of social justice for women and minorities while neoliberal elites promoted monopoly finance open borders and outsourcing of jobs to benefit consumers The administrative state had become a global American empire but the neoliberals economic and military failures precipitated a crisis of legitimacy In the great awakening that began under Barack Obama neoliberal elites including establishment conservatives openly broke with the populist base of the Republican Party embraced identity politics and used Covid 19 and myths of insurrection to strip away the rights of American citizens Today an incompetent kleptocracy is draining the wealthiest and most powerful people in history thus eroding the foundations of its own empire This book traces the rise and fall of the American Republic
