options and options

Product description

The Q1 offers with its modular hardware and software concept numerous possibilities for a wide variety of applications. Printers and displays can be quickly and easily replaced via plug & play. The printer of the Q1 is impressive in terms of its robustness and durability such as due to its resilient metal hinges or the unique linerless outer technology with an impressive 500,000 cuts without the need to replace any cutting components.

An intuitive GUI in combination with the capacitive touch technology offers your team highest ease of use and improved interaction with your customers. With the modular, expandable RetailApps you are prepared for new trends and requirements in terms of software. Wait times can be reduced by means of queue management and operating procedures at the deli counter optimized with the networked scale. Via the management software, device and production data can be managed and transparently monitored in the back office.

The ergonomic design of the Q1 is consistently designed for fatigue-free working and operation. The Q1 can be lifted easily and safely by means of lateral handles. Also the very sleek load platform, adjustable displays and the ergonomically positioned printer simplify your team's daily work.

Highlights

Sustainable investment & cost savings

- Always up-to-date with modular, expandable hardware components such as interchangeable displays
- Modular software including a wide range of RetailApps let the Q1 grow with your needs
- Save costs by means of an energy-saving mode with Wake-on-LAN/WLAN* function
- A smart service concept ensures efficient remote support (e.g. when customizing the GUI) and simplified on-site maintenance work through optimized accessibility of the CPU as well as tool-free printer and display exchange

Simplified & saving time

- A modern, user-friendly GUI allows fast working and optimal design of operating procedures such as via full-text search or simple use of advertising
- Shopping and user experience can be improved as needed by means of modular RetailApps, for example with efficient queue management
- Latest auto outer technology** with a long service life of more than 500,000 cuts without having to replace components for cutting
- Optimal product visibility and access in the counter for operators are achieved with its extra flat weighing module
- A thin design ensures an optimal view of the merchandise creating transparency for customers
