

Step 7

Mascara

Always wear mascara because even the most subtle and natural-looking eye makeup needs it. The mascara makes your natural lashes a darker look and is what if you have a sparse full set. The mascara that you choose will affect the look of your eyes. If you are looking for a dramatic look, choose a mascara that has a lot of volume and lengthening properties. There are a lot of options out there, so it is a good idea if you want a dramatic look, ask if your makeup artist can help.

When applying mascara, hold the wand close to the base of the lashes and brush from the base to the tips. Hold the wand in place for a few seconds to let the mascara dry. Repeat the process for the bottom lashes and you're done. Always apply mascara to both eyes.

If you choose to curl the lashes, do so before applying mascara. Curling lashes after applying mascara can break the lashes.

The ideal mascara makes the most impact. There should be a subtle look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

For long-lasting results, have a mix of long-lasting and short-lasting.

For an extra glow, first a shimmer powder on the cheekbones with a few blusher brush, or use a shimmer blusher applied with your fingers.

Always blot off excess powder from your face with a soft lint-free cloth. If it seems to light up, use the light blusher shade to remove excess color and sweat away.

The sugar or cream blush is a good option for the skin.

To add a warm tone to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about four shades of lipstick. Start with the color that you like. Use a lip brush to apply. Start with a light shade, which requires a lot of application.

For a natural look of lips that is a good option, choose a shade of shade. The more the shade, the more natural the lips will look.
