Psychology of Terrorists Raymond H. Hamden,2018-11-20 The Psychology of Terrorists examines the personality profile of the individual and categorizes the psychology of terrorists into four distinct profiles which are outlined and analyzed in detail There are many books that cover social psychology and political violence and aggression but few establish the mind set of the terrorist as an individual This includes taking into account personal experiences and religious or political ideology for the purposes of understanding conceptual and tactical objectives and profiling terrorists to counter terrorist threats Dr Raymond Hamden presents a unique look at terrorists as individuals with personal motives as well as those of principle The book presents an analysis of terrorists without prejudice or bias for any political religious nationality creed or race Too many times the world see experts focus on issues that are based on their own predispositions or partialities Although there is criticism on the reliability of profiling this research demonstrates validity and reliability It is vital to understand terrorist motivations and this can only be achieved by knowing the terrorists psychological character looking at the individual terrorist taking into account particular experiences psychological makeup background and fundamentalist ideology The Psychology of Terrorists Profiling and CounterAction will be a welcomed addition to psychologists terrorism researchers criminal profilers investigators and intelligence professionals counter and anti terrorism experts as well as military security and law enforcement professionals tasked with protecting individuals from the various acts of terrorism domestically and globally

The Only Book You'll Ever Need - Body Language Shelly Hagen,David Givens,2012-04-01 These are handy accessible books that provide literally all the information you need to know to gain a new hobby or understand a difficult topic It s believed that over 50 per cent of human communication is lost without body language However this book is your ticket to understanding people whether at home work or even on a date It includes everything from how to detect a liar display self confidence identify hostile or

aggressive behaviour and even digital and online body language Is my boyfriend telling me the truth about where he was last night How can I show my boss that I m ready for a promotion Let the body language experts show you how **The Everything Body Language Book** Shelly Hagen,2007-12-01 Shifty eyes Your boss is lying Wide open eyes Your blind date is definitely interested Crossed arms Your mother in law is feeling defensive You can read anyone s body language if you know how and where to look Master the art of nonverbal communication and you ll unlock the secrets of everyone you meet yourself included Learn how to Identify an aggressive handshake Recognize a genuine smile Display self confidence Tell when your child is fibbing Show your date you re interested When you can interpret body language you re literally clued in to the world around you and everyone in it Whether you re at work at home or even on a blind date **The Everything Body Language Book** is your ticket to understanding people one wink blink and nod at a time **The Psychology of Counter-Terrorism** Andrew Silke,2010-10-26 This work firstly aims to provide balanced and objective insight into the psychology of terrorists what their motivations are what keeps them involved in terrorist groups and what eventually forces most to end their active involvement in terrorism Secondly the contributors focus on the challenging issue of how to respond to terrorism These chapters provide information for those concerned with short term tactical problems e g interviewing as well as those looking towards the more long term strategic questions of bringing an entire terrorist campaign to an end Ultimately the individuals involved in terrorism require a more complex response from society than simply a quest for their apprehension Believing inaccurate and misleading characterizations leads inevitably to damaging policies and deficient outcomes with campaigns of violence being needlessly prolonged It is from this perspective that the concern arises with how researchers and the policy makers guided by them perceive the psychology of terrorists and of terrorism **Conducting Terrorism Field Research** Adam Dolnik,2013 This book offers a detailed and practically oriented guide to the challenges of conducting terrorist fieldwork The past decade has seen an explosion of research into terrorism However field research on terrorism has traditionally been surrounded by many myths and has been called anything from necessary and crucial to dangerous unethical and impossible While there is an increasing interest among terrorism specialists in conducting such research there is no single volume providing prospective field researchers with a guideline to such work **Conducting Terrorism Field Research** aims to fill this gap and offers a collection of articles from experienced authors representing different risk groups disciplines methodological approaches regional specializations and other context specific aspects Each contributor provides a road map to their own research describing planning and preparation phases the formalities involved in getting into conflict zones and gaining access to sources The end product is a how to guide to field research on terrorism which will be of much value to terrorism experts and novices alike This book will be of much interest to students and researchers of terrorism studies war and conflict studies criminology IR and security studies **Discovering Body Language** Alan Elangovan,2024-05-01 **Discovering Body Language DBL For Your EYES Only** is a classic it gives a timeless

message about the use of body language in different circumstances The book surmises both the positive and negative messages that people portray through the course of conversation The aim of this book is to sharpen your eyes to see the hidden A lot of people do not know the signs of deception even if they are glaring and that is why such individuals fall prey of unwanted circumstances If you make this book your companion then it becomes your inner sight to have a thorough understanding of people s thoughts and intents towards you This book only discusses an aspect of the areas covered in The Encyclopedia of Body Language a best seller by the author In the latter the author holistically x rayed all aspects of body language and readers can convert body language knowledge to profit It is a book that sets captives of communication free The greatest giveaway of this book is that you will know how to read body language effectively The author does not offer limited knowledge here Rather he gives every reader the master key to make informed decisions by listening to the body language of their co interlocutors

Encyclopedia of Body Language Alan Elangovan,2020-10-06 Embarking on the need to have an encyclopedia of body language was a task nursed for years and stirred fear in me for many reasons First it was pictured to be a novel project which would surpass the yearnings of people in the field And also the structure which it was to take was another daunting issue However all these issues only spurred me into bringing out quality work one that would stand the test of time and cause a turning point in the life of every reader This book adopts a unique structure of research its perfect combination of raw knowledge and scholarly findings from across the world makes it stand out from other texts The book reels out how to relate with people and understand their behaviors through nonverbal acts It considers all the attributes of human body parts while communicating with others However before you can understand others there is a need to understand yourself first This is another aspect that this encyclopedia delves into it explains ways in which you can maintain a charming and result oriented posture in order to command respect from others during any given discourse This is a potential tool you need to apply in order to make others open to you This book explains ways in which you can fish out someone who is trying to play on your intelligence through their body language In conclusion this book gives a practical outline of how to activate the subconscious and conscious brains in working in tandem in order to understand the intents of co interlocutor
