Topic 8.2 The Cold War from 1945 to 1988	
How did US policymakers attempt to limit the growth of Communist military power and ideological influence during the Cold War? Give at least 3 specific examples.	In 1947, President Harry S. Truman pledged that the United States would help any nation resist communism to prevent its spread. His policy of containment is known as the Truman Doctrine. Containment was a geopolitical strategic foreign policy pursued by the United States during the Cold War to prevent the spread of communism after the end of World War II. The US also tried to stop the spread of communism by the Marshall Plan (giving economic aid to devastated countries), by the Berlin Airlift, by the creation of NATO and by helping from the United Nations.
How did US policymakers attempt to create a free-market global economy during the Cold War? Give at least 1 specific example.	The Rio Pact. It provided for mutual assistance if an act of aggression threatened the peace of the Western Hemisphere.
How did US policymakers attempt to build an international security system during the Cold War? Give at least 1 specific example.	Collective Security as an institutionalized mechanism for the maintenance of international peace and security has reduced tensions among states in the international community.
What was US foreign policy built on during the Cold War? Give at least 3 specific examples.	During the cold war, U.S. international aid focused on support to anticommunist countries, economic development in poor countries, and humanitarian relief.
Why was the US military involved in Korea during the Cold War?	President Truman ordered U.S. forces to South Korea to repulse the North's invasion. President Truman announced to the nation and the world that America would intervene in the Korean conflict in order to prevent the movement of an independent nation by communism.
Give at least 1 example of direct military confrontation between the US and the Soviet Union during the Cold War. Briefly explain what happened.	In 1962 the Soviet Union began to secretly install missiles in Cuba to launch attacks on U.S. cities. The confrontation that followed, known as the Cuban missile crisis, brought the two superpowers to the brink of war before an agreement was reached to withdraw the missiles.
Give at least 1 example of indirect military confrontation between the US and the Soviet Union during the Cold War. Briefly explain what happened.	The war in Vietnam occurred during the Cold War and is viewed as an indirect conflict between the United States and Soviet Union with each nation and its allies supporting one side. The Vietnam War pitted communist North Vietnam and the Viet Cong against South Vietnam and the United States. The war ended when U.S. forces withdrew in 1973 and Vietnam unified under Communist control two years later.
