Geisler, 1998-11-01 This comprehensive reference volume covers every key issue person and concept related to Christian apologetics from Anselm to Zen Evangelical Dictionary of Theology (Baker Reference Library) Walter A. Elwell, 2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics **CHRISTIAN APOLOGETICS**

Francis Beattie, 2022-06-07 Originally written in 1903 by Francis Beattie Christian Apologetics is a comprehensive examination of the rational foundations of the Christian faith This treatise delves into the philosophical historical and theological underpinnings of Christianity offering a robust defense against various critiques and alternative worldviews This updated edition has been carefully revised to make Beattie s profound work accessible to contemporary readers The original text rich in depth but laden with archaic language and complex structures has been modernized for clarity and readability Outdated scientific and philosophical references have been updated to reflect current understanding and spelling grammar and syntax errors have been corrected Moreover we have replaced the archaic Bible translations with the Updated American Standard Version UASV to maintain the integrity of Beattie s arguments while ensuring accuracy and readability In this volume readers will find a systematic exploration of key apologetic themes including the nature and scope of apologetics the philosophical foundations of theism the psychological aspects of religious belief and the critical examination of antitheistic theories such as atheism materialism and agnosticism Each chapter is designed to build upon the last creating a cohesive and compelling case for the rationality and necessity of the Christian faith This edition retains the scholarly rigor of the original work while making it more accessible to today s readers It is an essential resource for students scholars and anyone interested in the intellectual defense of Christianity By bridging the gap between historical and contemporary thought this revised edition of Christian Apologetics ensures that Beattie s invaluable insights continue to enlighten and inspire **52**

The Layman's Manual on Christian Apologetics Brian G. Chilton, 2019-11-14 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors, bloggers, and stars from the entertainment industry. The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith. But how does one respond to these objections? For the laity of the church, this is especially difficult as many are left without the proper training to know how to answer these objections. In *The Layman's Manual on Christian Apologetics*, the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary. In this book, three major areas of apologetics are covered. The first unit engages the nature of truth and what can be known. The second unit deals with the existence of God and issues involving God's existence. The last unit tackles historical objections to the resurrection of Jesus and early Christianity. *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable.

Splankna Sarah J. Thiessen, 2017-07-28 We live in a time of remarkable discovery. The world of quantum physics is revealing that the subatomic energetic level of creation relates directly to our health, both physically and emotionally. Rapid and effective healing treatments of many kinds have arisen out of this discovery, but they have been developed from a new age worldview. Subsequently, these advances have been considered off-limits for the Christian community. But the Splankna Therapy Institute is changing that. In this groundbreaking book, Sarah J. Thiessen teaches us how to think redemptively in our current healing culture. Grounded in scripture, she walks the reader through the two main arguments against the Christian's use of energy healing techniques: new age and witchcraft. She leaves the reader with new clarity and empowerment. The energetic level of creation belongs to God. It's time He got the credit for it. Being open to discover creative, non-conventional ideas and methods of healing is like discovering the earth is round when the predominate belief states it is flat. Read this book with an open, thoughtful, prayerful mind and heart to discover new understandings of holistic Christian healing. Dr. Eddie Parish, L.M.F.T., Parish Hermitage, Inc., LA.

Josh McDowell: Crucial to the next generation of missionaries and apologetic evangelists. Norman L. Geisler: In a postmodern, post-truth society, how can we be certain our faith is based on more than our feelings? And how do we answer the complex questions about Christianity posed by skeptics and searchers alike? *The Comprehensive Guide to Apologetics* challenges you to understand and defend the tenets of your faith. This informative resource covers topics spanning from the evidence for the Bible's reliability to the relationship between science and faith to the comparisons between Christianity and other worldviews. The many contributors to this volume include respected apologists and Bible scholars such as Norman L. Geisler, Josh McDowell, Gary R. Habermas, Walter C. Kaiser Jr., Ron Rhodes, Edwin M. Yamauchi, John Warwick Montgomery, William

Benner,Peter C. Hill,1999 Contains over one thousand alphabetically arranged articles that present information about topics related to psychology from a Christian point of view covering the areas of personality psychopathology psychotherapy and other treatment approaches major systems and theories of psychology and the psychology of religion **What Shall the End Be?** Dr. Angelo Dart,2025-02-21 Christianity did not die because of the crucifixion of Jesus Christ It lives because of His resurrection This is a truth that captures the whole of the Christian faith This is the great distinction of religion and reality God in the flesh has come to live in His people Such a discovery however appears to be a one way proposition Can His church the Body of Christ respond to the call of a bride prepared Will Christ find faith in a glorious church without spot or wrinkle or any such thing The answers from His church must be forthcoming before He answers with His coming Christ does not just transition us He changes us and the change comes from Him abiding in our hearts with the power of a choice If there were full realization that having Christ is relationship and not religion the world would not know tragedies such as addictions and suicides First John 3 notes See what kind of love the Father has given to us that we should be called children of God and so we are The simplicity of God through His Son Christ Jesus bestowing an unconditional love upon us will provide to all a complete overwhelming belief in something never realized before This is the universal truth of the Christ This is not the Christ of history or philosophical bent or scientific observation This is the Christ of the cross Can anyone among us say we are ready for His coming The Scandal of a Divine Messiah Brian J. Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s Guide to the Perplexed the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity
