Bandits, Prophets and Messiahs ,1999 Bandits, Prophets, and Messiahs Richard A. Horsley, 1988 **Bandits, Prophets and Messiahs** Richard A. Horsley, 1999 **Bridges in New Testament Interpretation** Neil Elliott, Werner H. Kelber, 2018-04-30 The field of New Testament studies often appears splintered into widely different specializations and narrowly defined research projects Nevertheless some of the most important insights have come about when curious men and women have defied disciplinary boundaries and drawn on other fields of knowledge in order to gain a more adequate view of history The essays in Bridges in New Testament Interpretation offer surveys of the current scholarly discussion in areas of New Testament and Christian origins where cross disciplinary fertilization has been decisive and describe the role that interdisciplinary bridges especially as led by Richard A Horsley have played Topics include the socioeconomic history of Roman Palestine the historical Jesus in political and media contexts communication media orality and social context in the study of Q the Gospels in the context of oral culture performance and social memory reading Paul s letters in the context of Roman imperial culture the narrativization of early Christianity in relation to the ancient media environment and the role of power in shaping our understanding of history as evident in people s history the historical agency of subordinate classes and the role of public and hidden transcripts in contexts shaped by power relations Essays also address the role of the interpreter as engaged with the social and political concerns of our time The sum is even greater than the parts presenting a powerful argument for the value of further exploration across interdisciplinary bridges **Fulfilling the Law and the Prophets** Matthew Anslow, 2022-07-18 Matthew s Gospel makes mention of prophets and prophecy more than any other canonical Gospel Yet its perspective on prophecy has generally been neglected within biblical scholarship when in fact Jesus prophetic vocation is a central christological theme for Matthew This new study by Matthew Anslow seeks to draw attention to this underdeveloped focus within Matthean studies The central claim of the book is that in Matthew s Gospel Jesus prophetic vocation is presented as a multi faceted phenomenon drawing on several prophetic traditions Like biblical and popular prophets before him Jesus is depicted by Matthew as calling Israel back to covenantal faithfulness thereby providing guidance for the identity theology and communal life of God s people **Nick Page: The Longest Week, The Wrong Messiah, Kingdom of Fools** Nick Page, 2018-03-08 Essential reading enlightening and informative you will be sure to learn something new Church of England Newspaper In this illuminating read Nick Page strips away centuries of misrepresentation and myth to reveal the real personality portrayed in the gospels Drawing on a wealth of historical and archaeological research the result is a startling and vivid new portrait of Yeshua ben Yosef Jesus of Nazareth **A Stranger in Jerusalem**

Treva G. Hatch, 2019-06-26 In *A Stranger in Jerusalem* Treva Hatch attempts to situate the stories about Jesus within their Jewish context. Jesus was a Jew, his friends were Jews, his first followers were Jews; he studied the Hebrew Scriptures either orally or from texts; he worshiped in the synagogue and he occasionally traveled to Jerusalem to observe the Israelite festivals. Hatch illustrates that Jesus does not seem to have rejected Judaism or acted as a radical outsider in relation to his Jewish peers but rather he worked within a Jewish framework. The overarching questions addressed in this book are: 1. how can an understanding of early Judaism illuminate our understanding of the Jesus traditions? 2. how did Jesus relate to his Jewish world and vice versa? 3. why did the Gospel writers portray Jesus and his Jewish peers the way they did? and 4. how would Jews in the first and second centuries have interpreted the Jesus traditions upon hearing or reading them? Hatch explores several topics including childhood and family life in first-century Galilee, Jewish notions of baptism and purity, Jewish prophets and miracle workers, Jewish ideas about the messiah, and Jesus' relationship with Judas the Pharisees, the priestly establishment in Jerusalem, the Jewish populace, and his own disciples.

Messiah and Exaltation Andrew Chester, 2007 Andrew Chester focuses on Jewish messianic hope, intermediary figures, and visionary traditions of human transformation, particularly in the Second Temple period, and analyzes their significance for the origin and development of New Testament Christology. He brings together five previously published essays on these themes: these include two long chapters, one on Jewish messianic and mediatorial traditions in relation to Pauline Christology, the other on messianism and eschatology in early Judaism and Christianity, plus one on messiah and Temple in Sibylline Oracles 3.5. Two further essays on the significance of Torah in the messianic age and on resurrection transformation and early Christology have been extensively revised. There are also three substantial new chapters, all of which engage closely with recent scholarly debate. The first, on the origin of Christology, argues for the significance of Jewish visionary traditions of human transformation for understanding how high Christology came about at such an early stage within the New Testament. The second discusses the complex questions of the definition, scope, and nature of Jewish messianism, especially in relation to the Hebrew Bible and the more recently available Qumran evidence, and their significance for the New Testament. The third is concerned with what Paul means by the law of Christ and the wider issues raised by this.

Studying the Historical Jesus Bruce D. Chilton, Craig A. Evans, 2019-11-26 This volume offers critical assessments of Life of Jesus research in the last generation, with special emphasis on work that is quite recent. It will introduce graduate students to the field and will provide the veteran scholar with current bibliography and discussion of the issues. Topics treated include Jesus and Palestinian politics, Jesus' tradition in Paul, Jesus in extracanonical Gospels, and Jesus' parables, miracles, death, and resurrection. The contributors are among the most widely recognized and respected Life of Jesus scholars. They include Marcus J. Borg, James H. Charlesworth, James D. G. Dunn, Sean Freyne, Richard Horsley, and Helmut Koester.
