KEY FEATURES Presents a contemporary approach to how pastoral counselors function as mental health professionals and spiritual leaders Serves as a state of the art foundational text for pastoral counseling education Describes assessments and interventions that are shared with allied mental health professionals and those that are unique to pastoral counseling Provides an ecumenical and interfaith approach for a multicultural society including individuals with diverse sexual identities Addresses counseling with individuals who do not affiliate with a specific faith tradition Includes Instructor's Guide and online Student Resources to enhance teaching and learning

Warlike and Peaceful Societies Agner Fog, 2017-10-13 Are humans violent or peaceful by nature We are both In this ambitious and wide ranging book Agner Fog presents a ground breaking new argument that explains the existence of differently organised societies using evolutionary theory It combines natural sciences and social sciences in a way that is rarely seen According to a concept called regality theory people show a preference for authoritarianism and strong leadership in times of war or collective danger but desire egalitarian political systems in times of peace and safety These individual impulses shape the way societies develop and organise themselves and in this book Agner argues that there is an evolutionary mechanism behind this flexible psychology Incorporating a wide range of ideas including evolutionary theory game theory and ecological theory Agner analyses the conditions that make us either strident or docile He tests this theory on data from contemporary and ancient societies and provides a detailed explanation of the applications of regality theory to issues of war and peace the rise and fall of empires the mass media economic instability ecological crisis and much more

Warlike and Peaceful Societies The Interaction of Genes and Culture draws on many different fields of both

the social sciences and the natural sciences It will be of interest to academics and students in these fields including anthropology political science history conflict and peace research social psychology and more as well as the natural sciences including human biology human evolution and ecology
