almost six decades back dynastic politics would not have crept into our rich democracy and grown into a monster What the father founded the daughter fostered Since then innumerable dynasties old and new big and small famous and infamous dot the country s political landscape today Non Congress parties though equally guilty have sporadically raised the issue of hereditary politics but never as intensely as in the watershed 2014 Lok Sabha polls when the voters debated and debunked the right to rule on the basis of birth certificate and not merit They handed over the reins of the country to a non dynast Narendra Modi punished the country s grand old party for its non performance and its scam ridden tenure and yet elected many dynastic scions a peculiar contradiction but that s what Indian politics is all about This volume incisively analyses the unethical games politicians play to remain in power and grow into brands Discovering Young Minds Victoria P.
