A Primer On Prostate Cancer The Empowered Patients Guide:

A Primer on Prostate Cancer Stephen B. Strum, Donna L. Pogliano, 2002 Includes how to proceed the basics of Prostate cancer diagnosis and testing treatment options and more *Everyone's Guide to Cancer Therapy* Andrew Ko, Malin Dollinger, Ernest H. Rosenbaum, 2011-05-12 Written by two oncologists this authoritative but readable reference stands out as a uniquely comprehensive thorough source of up to date information Library Journal For more than thirty years Everyone's Guide to Cancer Therapy has been the definitive resource for anyone confronting a cancer diagnosis The revised and updated fifth edition draws on the latest research information and advice from more than 100 top oncology specialists Equally informative and accessible this comprehensive book helps cancer patients and their caregivers navigate through diagnosis treatment and supportive care Topics include Information on recently approved targeted therapies for various cancer types The newest strategies in cancer diagnosis and prevention Cancer biology translating scientific discoveries into meaningful advances for patients Supportive care and complementary approaches **Surviving Prostate Cancer** E. Fuller Torrey, 2006-01-01 When Dr E Fuller Torrey was diagnosed with prostate cancer none of the books he could find was current enough or comprehensive enough to satisfy his need for information This book is for the hundreds of thousands of other men who each year receive the same frightening diagnosis It is the book Dr Torrey wished he had when he was facing the countless questions that a man with prostate cancer and his family and friends all confront Complete up to date and readable the book explains how to come to terms with the diagnosis of prostate cancer evaluate the severity of the disease and assess the variety of treatment options and their complications Many chapters provide information other books barely consider such as a full discussion of the causes of prostate cancer and an evaluation of other books on the subject Also included is a summary of the most useful Web sites The author mixes his personal experience with factual material and he maintains a reassuring sense of humor His advice is practical with dozens of tips and lists including Ten Steps to Sanity for Men Recently Diagnosed with Prostate Cancer With Dr Torrey's book in hand readers can now tackle all the important decisions about prostate cancer confident in having the most accurate and complete information available *After Prostate Cancer* Arnold Melman M.D., Rosemary Newnham, 2011-06-01 Many books explain the different types of prostate cancer treatments but most end once a treatment choice has been made offering readers little in the way of guidance through the challenges of the post treatment period After Prostate Cancer picks up where those books leave off Dr Arnold Melman Chair of the Department of Urology at the Albert Einstein College of Medicine offers a thorough description of what the prostate cancer recovery process is like and what readers can do to optimize recovery and attain the best possible health and long term prognosis

The Journey Through Cancer Dr. Jeremy Geffen, 2007-12-18 The Journey Through Cancer is an essential guide for all cancer patients their families and their loved ones As a board certified oncologist with more than ten years of experience serving as physician guide mentor coach and friend to thousands of cancer patients and their families Dr Jeremy Geffen has

learned how cancer often challenges the mind heart and spirit of patients and their families as deeply if not more deeply than it challenges the physical body Yet this simple truth is often overlooked by Western medicine as it aggressively pursues the best ways to diagnose and treat cancer Too often physicians focus almost exclusively on the physical dimensions of the disease rather than caring for the whole person who has the disease Dr Geffen presents a groundbreaking seven level program used at his cancer center in Florida that addresses every dimension of the person with cancer physical mental emotional and spiritual Education and Information giving patients answers to questions about their disease and their treatment options Psychosocial Support focusing on the need for and benefits of a strong support network The Body as Garden exploring the vast array of alternative and complementary therapies Emotional Healing helping patients and families deal with the often overwhelming emotional challenges of cancer The Nature of Mind exploring how patients thoughts and beliefs profoundly influence their journey Life Assessment showing patients how to discover their life s deepest meaning and purpose The Nature of Spirit connecting patients to the profoundly healing spiritual aspect of life we all share In The Journey Through Cancer Dr Geffen presents a revolutionary model of healing based on the best treatments available from every culture and paradigm of medicine one that respects and explores every possible avenue and resource for healing and transformation blending East and West body and mind heart and technology science and spirit

Invasion of the Prostate Snatchers Mark Scholz,Ralph Blum,2010-08-24 Every year almost a quarter of a million confused and frightened American men are tossed into a prostate cancer cauldron stirred by salespeople representing a multibillion dollar industry In this flourishing business the radical prostatectomy is still the most widely recommended treatment option Yet a recent and definitive study in the New England Journal of Medicine concluded that out of the fifty thousand prostate operations performed annually more than forty thousand are unjustified But this is no surprise given that 99 percent of all doctors treating this disease are surgeons or radiation therapists The appalling fact is that men are still being rushed into a major operation that rarely prolongs life and more than half the time leaves them impotent Invasion of the Prostate Snatchers is a report on the latest thinking in prostate cancer therapy close monitoring active surveillance rather than surgery or radiation should be the initial treatment approach for many men There are three stages of prostate cancer and this book will provide accurate information about how to distinguish between them Low Risk which requires no immediate treatment Intermediate Risk which will benefit from surgery radiation and or hormonal therapy and High Risk a type that does require immediate treatment with a combination of therapies In a unique collaboration doctor and patient provide a wholly new perspective on managing this disease Ralph Blum s account of his personal struggle together with Dr Mark Scholz s presentation of newscientific advances provides convincing evidence that this noninvasive approach can be crucial in preventing tens of thousands of men from being overtreated every year Invasion of the Prostate Snatchers serves as an indispensable map through the medical minefield of prostate cancer *Before and After Radical Prostate Surgery* Virginia

Vandall-Walker, Katherine Moore, 2008 Now in its third revised edition *Before and After Radical Prostate Surgery* is a research based comprehensive and comprehensible resource on prostate surgery in Canada Aimed at men with concerns about prostate surgery and their partners this invaluable guide includes chapters on preparing for prostate surgery the surgery itself recovery in hospital and at home a list of recommended resources and special sections to record personal notes and important contact information
