Repko, Rick Szostak, Michelle Phillips Buchberger, 2025-01-03 This book provides instructors and students in entry level interdisciplinary courses and thematic programs with a comprehensive introduction to interdisciplinary studies Authors Allen F Repko Rick Szostak and Michelle Phillips Buchberger introduce students to the cognitive process that interdisciplinarians use to approach complex problems and eventually arrive at more comprehensive understandings of them Students learn how to think like interdisciplinarians understand interdisciplinary processes and assess the quality of their own work Changes to the Fourth Edition include revised content on epistemology and methods more on integrative strategies reordering of some chapters new assignment ideas and new examples which include student examples and insights from the latest scholarly works **Black Power, Yellow Power, and the Making of Revolutionary Identities** Rychetta Watkins, 2012-01-03 Images of upraised fists afros and dashikis have long dominated the collective memory of Black Power and its proponents The guerilla figure taking the form of the black leather clad revolutionary within the Black Panther Party has become an iconic trope in American popular culture That politically radical figure however has been shaped as much by Asian American cultural discourse as by African American political ideology From the Asian African Conference held in April of 1955 in Bandung Indonesia onward to the present Afro Asian political collaboration has been active and influential In *Black Power Yellow Power and the Making of Revolutionary Identities* author Rychetta Watkins uses the guerilla figure as a point of departure and shows how the trope s rhetoric animates discourses of representation and identity in African American and Asian American literature and culture In doing so she examines the notion of Power in terms of ethnic political identity and explores collaborating and sometimes competing ethnic interests that have drawn ideas from the concept The project brings together a range of texts editorial cartoons newspaper articles novels visual propaganda and essays that illustrate the emergence of this subjectivity in Asian
