After The Quake Stories:

After the Quake Haruki Murakami, 2007-12-18 Set at the time of the catastrophic 1995 Kobe earthquake the mesmerizing stories in *After the Quake* are as haunting as dreams and as potent as oracles An electronics salesman who has been deserted by his wife agrees to deliver an enigmatic package and is rewarded with a glimpse of his true nature A man who views himself as the son of God pursues a stranger who may be his human father A mild mannered collection agent receives a visit from a giant talking frog who enlists his help in saving Tokyo from destruction The six stories in this collection come from the deep and mysterious place where the human meets the inhuman and are further proof that Murakami is one of the most visionary writers at work today

After the Quake Haruki Murakami, 2002 The economy was booming People had more money than they knew what to do with And then the earthquake struck Komura's wife follows the TV reports from morning to night images of flames smoke buildings turned to rubble fires everywhere Pure hell For the characters in Murakami's latest short story collection the Kobe earthquake is an echo from a past they buried long ago Satsuki has spent 30 years hating one man who destroyed her chances of having children Did her desire for revenge cause the earthquake Junpei's estranged parents live in Kobe Should he contact them Four year old Sala has nightmares that the Earthquake Man is trying to stuff her and everyone else inside a little box Unappreciated and unpromoted Katagiri returns home to find a giant frog in his apartment on a mission to save Tokyo from a massive burrowing worm When he gets angry he causes earthquakes says Frog And right now he is very very angry

After the Quake [book Club] Haruki Murakami, 2018 The economy was booming People had more money than they knew what to do with And then the earthquake struck For the characters in Murakami's latest short story collection the Kobe earthquake is an echo from a past they buried long ago

Sau động đất Haruki Murakami, 2024-01-02 ANOTHER GREAT WORK BY HARUKI MURAKAMI In January 1995 the earthquake destroyed everything in a flash Then in February the world began to resonate quietly on the winter coast there was a pile of moss burning in Kushiro the destination of the man with the small box in Tokyo where the Frog fought the Worm underground The earth was torn apart God may not exist But perhaps long before that earthquake we carried the ruins inside us Haruki Murakami's words shine in the dark like the fire of a small firewood After reading this collection of short stories something will change within you

Existence, Historical Fabulation, Destiny Anna-Teresa Tymieniecka, 2009-06-18 Surging from the ontopoietic vital timing of life human self consciousness prompts the innermost desire to rise above its brute facts Imaginatio creatrix inspires us to fabulate these facts into events and plots with personal significance attempting to delineate a life course in life stories within the ever flowing stream existence Seeking their deep motivations causes and concatenations we fabulate relatively stabilized networks of interconnecting meaning history But to understand the meaning and sense of these networks reconfigurations call for the purpose and telos of our endless undertaking they remain always incomplete carried onwards with the current of life while fluctuating with personal

experience in the play of memory Facts and life stories subjective desires and propensities the circumambient world in its historical moves creative logos and mythos personal freedom and inward stirrings thrown in an enigmatic interplay prompt our imperative thirst for the meaning of this course its purpose and its fulfillment the sense of it all To disentangle all this animates the passions of the literary genius The focus of this collection is to isolate the main arteries running through the intermingled forces prompting our quest to endow life with meaning Papers by Jadwiga Smith Lawrence Kimmel Alira Ashvo Munoz William D Melaney Imafedia Okhamafe Michel Dion Franck Dalmas Ludmila Molodkina Victor Gerald Rivas Rebecca M Painter Matti Itkonen Raymond J Wilson III Christopher S Schreiner Bruce Ross Bernadette Prochaska Tsung I Dow Jerre Collins Cezary Jozef Olbromski Victor Kocay Roberto Verolini *History in Literature* Edward Quinn, 2014-05-14

Time the City and the Literary Imagination explores the relationship between the constructions and representations of the relationship between time and the city in literature published between the late eighteenth century and the present This collection offers a new way of reading the literary city by tracing the ways in which the relationship between time and urban space can shape literary narratives and forms The essays consider the representation of a range of literary cities from across the world and consider how an understanding of time and time passing can impact on our understanding of the primary texts Literature necessarily deals with time both as a function of storytelling and as an experience of reading In this volume the contributions demonstrate how literature about cities brings to the forefront the relationship between individual and communal experience and time **Tales of the Most Devastating Earthquakes** Tud Ayir, 2010-01-01
