Agents Provocateurs Sebastien Carayol, 2014 Skateboard graphics took a quantum leap in offensive potential after the sport was reborn in the 90s Artists such as Marc McKee Todd Francis Johnny Mojo Munnerlyn Winston Tseng and others brought dark humour and politically incorrect topics to the forefront of their illustrations aiming to raise serious issues and skewer values *Agents Provocateurs* asks new questions of this boundary pushing artistic genre and its place over the years Did it save skateboarding Are these controversial topics still relevant 20 years later Skateboard Video Duncan McDuie-Ra, 2021-09-20 This book is about skateboard video and experimental ways of thinking about cities It makes a provocative argument to consider skate video as an archive of the city from below Here below has a dual meaning First below refers to an unofficial archive a subaltern history of urban space Second below refers to the angle from which skateboarders and filmers gaze upon capture and consume the city from the ground up Since taking to the streets in the early 1980s skateboarding has been captured on film video tape and digital memory cards edited into consumable forms and circulated around the world Videos are objects amenable to ethnographic analysis while also archiving exercises in urban ethnography by their creators I advocate for taking skate video seriously as a fragile archive of the urban backstage collective memory across time and space creative urban practice urban encounters people to people and people to object s and the globalization of a subculture at once delinquent and magnificent **Skateboard Culture** Morgan Bouvant, Sébastien Carayol, 2025-10-21 A celebration of skateboard culture from the 1970s to today featuring interviews with legendary skaters including Tony Hawk and Mark Gonzales a foreword by director Spike Jonze and over 400 rare photographs and images Since the 1970s skateboarding has emerged from the fringes of the Californian underground to become a global phenomenon and a culture of its own Throughout each passing decade skateboarding s creativity both on and off the board has influenced mainstream fashion photography music art and film In this beautifully designed celebration of skateboarding Morgan Bouvant and S bastien Carayol retrace the rich history of skateboard culture through seventeen exclusive interviews with legendary skaters numerous engaging essays recounting key events crucial local scenes and meaningful anecdotes in skate history nostalgic explorations of brands movies and fashion and over 400 photos by iconic skateboard photographers carefully curated advertisements by legendary brands and detailed diagrams showcasing skateboard anatomy and the different types of tricks Perfect for skaters old and new *Skateboard Culture* is a stunning ode to more than five decades of free spirited rebellion *Skateboarding, Power and Change* Indigo Willing, Anthony Pappalardo, 2023-06-02 This book explores how cultural social and political change happens through a unique analysis of the ethical turn in skateboarding today Insights shared by key change makers and industry insiders cover themes including First Nations Black and People of Color skater run creative innovations anti colonialism anti racism initiatives and a growing focus on equity and empowering skaters historically discriminated against due to gender and or sexuality These dynamic changes

are also connected to conceptual and theoretical frameworks from skate research journalism and sociology This is a must read for anyone interested in subcultures and social change *Skateboarding and Religion* Paul O'Connor,2019-10-02 This book explores the ways in which religion is observed performed and organised in skateboard culture Drawing on scholarship from the sociology of religion and the cultural politics of lifestyle sports this work combines ethnographic research with media analysis to argue that the rituals of skateboarding provide participants with a rich cultural canvas for emotional and spiritual engagement Paul O Connor contends that religious identification in skateboarding is set to increase as participants pursue ways to both control and engage meaningfully with an activity that has become an increasingly mainstream and institutionalised sport Religion is explored through the themes of myth celebrity iconography pilgrimage evangelism cults and self help *Skateboarding and the City* Iain Borden,2019-02-21 Skateboarding is both a sport and a way of life Creative physical graphic urban and controversial it is full of contradictions a billion dollar global industry which still retains its vibrant counter cultural heart Skateboarding and the City presents the only complete history of the sport exploring the story of skate culture from the surf beaches of 60s California to the latest developments in street skating today Written by a life long skater who also happens to be an architectural historian and packed through with full colour images of skaters boards moves graphics and film stills this passionate readable and rigorously researched book explores the history of skateboarding and reveals a vivid understanding of how skateboarders through their actions experience the city and its architecture in a unique way *Rezballers and Skate Elders* David Kamper,2025-06 Ethnographer and American Indian studies scholar David Kamper examines how Indigenous youth and adults are making basketball and skateboarding meaningful to their communities by sustaining the transmission of intergenerational knowledge and combatting intergenerational trauma Kamper looks at how the events and tournaments built around rezball are similar to powwows in how they bring people together across localized communities and generations and he coins the phrase skate elders for those who use the social nature of skateboarding to build community and mentorships Through a broad picture of North America Kamper demonstrates how Native peoples have long indigenized cultural practices and material culture to assert Native sovereignty creating joy and hope in the process In *Rezballers and Skate Elders* Kamper considers how Native expressions of basketball and skateboarding show continuities with the historical transformation of practices that originated outside Indian Country to make them meaningful in Native life David Kamper is a professor of American Indian studies associate director and cofounder of the Center for Skateboarding Action Sports and Social Change and cofounder of Surf Skate Studies Collaborative at San Diego State University He is the author of *The Work of Sovereignty Tribal Labor Relations and Self Determination at the Navajo Nation* and coeditor of *Waves of Belonging Indigeneity Race and Gender in the Surfing Lineup Dogtown und X-Games - die wirkliche Geschichte des Skateboardfahrens* Eckehart Velten Schäfer,2020-03-03 Subkultur und Sportbetrieb Passt das zusammen Das fragten viele als Skateboarding f r 2020 zur Olympiadisziplin erkl rt
