AUTHOR:
George Orwell

Animal Farm tells the story of the conflict that arises when a desire for freedom and equality is corrupted by the consolidation of political power amongst a select group. In Orwell's allegory of the Russian Revolution, the conflicts between the pigs, common animals, and humans are expressions of the underlying tension between the lofty ideals and harsh realities of socialism.

Plot Overview

Rising Action: The animals throw off their human owners and establish Animal Farm, the pigs of the farm, Snowball and Napoleon, and compete for power.

Climax: Napoleon runs Snowball off the farm with his pack of dogs and declares that the power to make decisions will be exercised solely by the pigs.

Falling Action: Squealer justifies Napoleon's actions with reinterpretations of Animalism, freedom and equality. Common animals spy the pigs, still hoping for a better future.

Major Conflict: The animals rebelled and oppressed, struggle against the pigs' totalitarian regime.

Key Question and Answer

What is Animalism?

Napoleon, Snowball and Squealer develop Old Major's idea that animals have a right to freedom and equality into a complete system of thought, which they call Animalism. The central tenets of Animalism are expressed in the Seven Commandments, painted on the wall of the barn. However, as the pigs seize more and more power, they change the Commandments painted on the barn. Until Animalism is reduced to a single principle which is virtually the opposite of Old Major's original idea: "All animals are equal but some animals are more equal than others."

What Does the Ending Mean?

At the end of *Animal Farm*, Pilkington and other human farmers come to eat dinner with the pigs at the farmhouse. As the other animals watch through the window, they find they are unable to tell pigs and humans apart. The pigs have started to dress and behave exactly like humans. The book's final message expresses the animals' realization that the pigs have become as cruel and oppressive as human farmers. The ending also makes the argument that political power is always the same, whoever has it and whatever ideology is used to justify it.
